

Started This Week

With the warm weather this week, the construction work on the new arena is speeding up. Another backhoe was brought into town this week to dig out the foundation that they hope to be finished in two months. Up to this week, Tuffeds Juniors played host to a night on the Camrose K.C.'s and last night's 7-1 Camrose scored their best win in the first round of the playoffs. The "Bugs" Williams settled down after retiring the team in order to give the team more bangs, forcing the game he only lasted 17 min.

Patrice both came alive at the station to account for four of the field's runs. Don MacKay, Dan Barrow and Eddie Williams were the other run line leaders.

The next action is the junior game vs. Trail on Camrose's home ice on Sunday at 7:00 p.m. on Sunday for a double

work had commenced. The water main, but with the arrival of the annual bathing work was started on the sewer main.

Construction is also progressing on the dam although hampered somewhat by the amount of water running in the creek.

The town secretary, Mr. J. E. Lawrence (Williams and Mike brother,

In another section Monday evening the local team swamped Burge club 5-0. Dave Harrison started on the mound for the home team and although he pitched well, the Burge team failed to get clean up against either pitcher.

Tofield Legion's Annual Picnic

Business informs us that to date more than twenty-five applications have been received for water and sewer service this year and more are coming in all the time.

FOR THE BENEFIT OF U.S. CUSTOMERS

CPR purchasing agent Al Iyer has the job in mind of buying 65,000 pieces of hardware, made in Canada, for shipping to the U.S. The hardware is being sent to Philadelphia, where passenger cars are being made for the CPR, and Iyer has to find a way for benefit of U.S. customs men, who will check the hardware when the parts go into the U.S. and again when the hardware is part in the railway cars. The U.S. charges duty on the hardware, then returns the money when the cars roll into the U.S.

Warning Notice
Several instances of damage to power lines in the district have been brought to the attention of the Council by the Power Company. Council will be asked to stress the danger involved in working around these poles, particularly when same are damaged, as these lines are all high voltage lines and serious injury or death could happen should anyone come in contact with the lines.

Council would ask that all persons take proper precautions when working near these power lines so as to avoid damage lines or injury to person.

The Council.

Natural Aids For Club To Hold Achievement Day

The Ryley 4-H Club will hold their eighth annual picnic on July 19th at the Ryley Sports Grounds. There will be food, games, and a prize drawing. The picnic will be held from 10:00 a.m. to 5:00 p.m. A picnic basket will be sent to each family. A picnic basket will be sent to each family. A picnic basket will be sent to each family.

Warning Notice
Several instances of damage to power lines in the district have been brought to the attention of the Council by the Power Company. Council will be asked to stress the danger involved in working around these poles, particularly when same are damaged, as these lines are all high voltage lines and serious injury or death could happen should anyone come in contact with the lines.

Council would ask that all persons take proper precautions when working near these power lines so as to avoid damage lines or injury to person.

The Council.
Municipal District of Beaver No. 73.

PUBLIC NOTICE

In numerous cases Council has found that farmers have their fences out too far and on the road allowance. This notice is therefore being published to advise anyone whose fence is on the road allowance to have same removed from their property immediately.

The Council M. D. of Beaver No. 73
Ryley, Alberta.

IT CAN HAPPEN TO YOU!

TALKING OF SPORTS

By David Yakubski
Since most people through the Tofted district are not too familiar with football in general and the Edmonton Eskimos in particular, I am going to try and explain the few basic rules of the game and give you a little dose on this year's edition of the Eskimos.

The main idea in the game of football is to advance the ball ten yards downfield. This can be done by running with the ball or passing the ball to a receiver. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone. The receiver must catch the ball and then run with it to the end zone.

WEED SPRAYING EQUIPMENT

JOHN WOODS ECO SPRAYERS were originally designed by Green Cross Chemical Co., originators of Chemical Spraying. These have been on the market for a good many years and are known to be the most dependable and easy to operate.

Both tractor and trailer mounted and at a new low price of \$160.00 with 80 gallon heavy galvanized tank. You can't afford to be without.

2-4-D GREEN CROSS, has been reduced to all time low price of \$6.50 per gal. of 80 percent acid content on the market today.

Drop in and let's hear your spraying problems

BILLION DOLLAR POWER PROJECT, BIGGEST IN WORLD, UNDER CONSIDERATION

Grand Falls Hydro project, the world's largest, is being developed in the western portion of the Beaver M.D. The project, which is being developed by the Grand Falls Hydro Electric Corporation, is expected to cost \$1 billion and will generate 1,000 megawatts of power. The project is being developed in the Grand Falls area, which is located in the western portion of the Beaver M.D. The project is being developed by the Grand Falls Hydro Electric Corporation, which is a subsidiary of the Hydro Electric Commission of the Province of Ontario.

Tofield Bingo To Be Held August 20

The Tofield car bingo will be held on August 20, 1964, at the Tofield Community Centre. The bingo will be held from 7:30 p.m. to 10:00 p.m. and will feature a variety of prizes. The proceeds from the bingo will be used to fund the Tofield Community Centre. The Tofield Community Centre is located at 100 Main Street, Tofield, Alberta.

Funeral Services Held For John Alsh

Funeral services for John Alsh, 68, of Tofield, Alberta, were held on Wednesday, July 22, 1964, at the Tofield Community Centre. The funeral was officiated by Rev. J. H. Smith. The burial took place in the Tofield Cemetery. John Alsh was a resident of Tofield for many years and was well known in the community.

Smith, born July 28, 1964; a daughter to Mr. and Mrs. J. H. Smith, born July 29, 1964; a son to Mr. and Mrs. J. H. Smith, born July 30, 1964; a daughter to Mr. and Mrs. J. H. Smith, born July 31, 1964.

Alberta Safety Campaign Well Received

The first general meeting of the Alberta Safety Campaign was held on Wednesday, July 22, 1964, at the Tofield Community Centre. The meeting was attended by a large number of people and was well received. The meeting was held to discuss the safety campaign and to plan for the future. The safety campaign is a joint effort of the Alberta government and the private sector to reduce the number of accidents and deaths on the roads. The safety campaign includes a variety of measures, such as speed limits, seat belt laws, and driver licensing requirements.

Former Tofield Resident Dies At Dawson Creek

Mr. J. H. Smith, 68, of Tofield, Alberta, died on Wednesday, July 22, 1964, at the Dawson Creek Hospital. Mr. Smith was a former resident of Tofield and had been in the hospital for several days. He was well known in the community and was a member of the Tofield Community Centre. His funeral services were held on Thursday, July 23, 1964, at the Tofield Community Centre. The burial took place in the Tofield Cemetery.

Barb Sports Postponed To August 2nd

The Barb Sports event, which was scheduled for Saturday, July 25, 1964, at the Tofield Community Centre, has been postponed to Saturday, August 2, 1964. The postponement was due to a lack of interest in the event. The Barb Sports event is a popular annual event in Tofield and is expected to attract a large number of people. The event includes a variety of sports, such as basketball, volleyball, and tennis.

Canada Presents 164 Planes To Turkey, Greece

Canada has presented 164 military aircraft to Turkey and Greece. The aircraft were presented as a gesture of goodwill and to support the defense forces of these countries. The aircraft include a variety of types, such as fighters, bombers, and transport aircraft. The presentation was made by the Canadian government and was a significant contribution to the defense forces of Turkey and Greece.

Carl Larson Victim Of Polio

Carl Larson, 10, of Tofield, Alberta, has been diagnosed as a victim of polio. The diagnosis was made by a doctor at the Tofield Community Centre. Carl Larson has been in the hospital for several days and is expected to remain there for some time. The polio virus is a highly contagious virus that can cause paralysis and other serious complications. Carl Larson's condition is serious and he will require long-term medical care.

Ryley Ripples

Mr. Justice Johnson has ruled in a case in which the Ryley family was involved that the Ryley family was not liable for the death of a child who was killed by a car while playing in the street.

Alberta To Get Pulp Mill

It is expected that a pulp mill will be built in the town of Tofield. The mill is to be built on the site of the old Tofield mill.

A NEW APPROACH

Last night as we entered Tofield from the west we were impressed with the poor condition of the approach to our town. Granted heavy truck traffic has been using the road north and south but that is not near the condition of the east-west portion of the approach.

The Merry Heart

"The merry heart is a good thing to have in a house."

PUBLIC MEETING

An ad of the M.D. of Beaver appears on page six of the issue announcing a public meeting in the Tofield Legion Hall to discuss details of construction and operation of the new Tofield hospital.

Wheat Board On The Job

(Toronto Star Weekly) Canadian wheat exports in the first 10 months of the current crop year are down 58,000,000 bushels or 30 percent from last year.

The facts are that the Canadian wheat board is doing an excellent job in the face of many difficulties to market our surplus wheat.

The figures reveal that the decline in Canadian wheat exports has not been nearly so great as the fall in sales reported by the two other large wheat exporting nations — the United States and Australia.

Moreover, Canada's share of the world wheat market remains about the same as last year. In '63 Canada supplied 48.7 percent of the wheat sold on export markets with United States selling 41.1 percent, and Australia 12 percent.

Passenger Trains In Head-on Collision At Lindbrook

Engines Lock Horns Baggage Cars Wrecked

Two passenger trains collided head-on at Lindbrook, Alta., on Monday night, resulting in the wrecking of baggage cars and the locking of engines. The collision occurred at approximately 11:30 p.m. when a train from Tofield and a train from Calgary met at the crossing. The baggage cars were completely wrecked and the engines were locked together. The passengers were not injured. The cause of the collision is still under investigation.

The collision occurred at

Holden School Division Board Lets Contracts

The Tofield Juniors Baseball team, which was defeated in the first game of the Northern Alberta Semi-Finals by Wetaskiwin 8-1, will start their second game against Camrose on Sunday. The team, coached by Mr. J. H. Brown, is made up of players from the Tofield area. They have a record of 10 wins and 2 losses. The game will be played at the Camrose stadium. Prizes will be given away at a bingo game held at the same time.

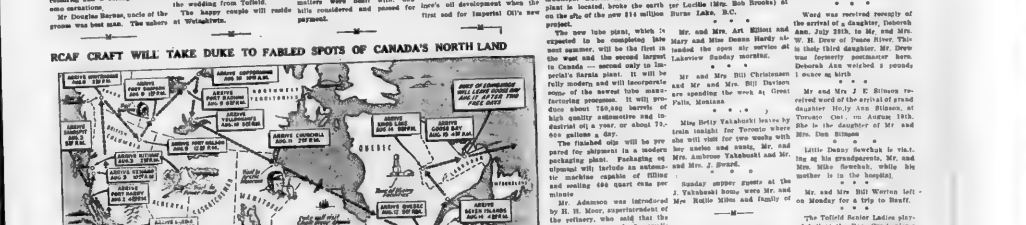

Camrose School Division Board Holds Meeting
The regular meeting of the Camrose School Division Board was held on Wednesday evening. The board discussed the budget for the coming year and the results of the recent election. The board also discussed the proposed changes to the school calendar. The meeting was held in the boardroom of the school division office.

Local Contractor Awarded Contract For Gymnasium
The contract for the construction of a new gymnasium for the Tofield Junior High School has been awarded to Mr. J. H. Brown. The gymnasium will be built on the site of the old gymnasium. The new gymnasium will be a two-story building with a large auditorium. The construction will start in the fall and will be completed in the spring of 1965.

Former Resident Weds At Sylvan Lake
A wedding took place at Sylvan Lake on Wednesday evening. The bride was Miss Mary Jane Brown, daughter of Mr. and Mrs. J. H. Brown. The groom was Mr. J. H. Brown. The wedding was held at the Sylvan Lake Hotel. The bride wore a white dress and the groom wore a tuxedo. There were 50 guests at the wedding.

THE MERCURY

Published by the Tofield Mercury Co. Ltd. 10010 10th Ave. N.W. Tofield, Alberta

CLIFF PATTERSON, Editor and Publisher

For The Good Of All

As the baseball fever is running high in this time of the year, it is a dangerous thing in any town. We are quick to provide facilities for our own entertainment and enjoyment, but it seems that we would not think of spending any money for the younger ones who are far more important.

Recently the curling club voted to buy matched rocks for the club, this is well and good and it will be a pleasure to use them. Also when there was a possibility of the rink falling down, everyone was willing to rally around and start to raise money to restore it. Why can't we get worked up on a project for the juniors.

Let us look around town and see what we are supplying the juniors with. An open air rink, which was used about six times last winter; one slide for the little ones, with no place to put it; a baseball diamond which is in good condition only because the juniors have spent hours of hard work on it. We feel they have done a good job on this and if they were given a little financial support the backdrop and seats would be given the greatly needed repairs.

One man last Sunday crouched on the damp ground and said "I wish this rink was over and I was going to sit on it. I'm not coming back here to a game." Not a good recommendation for Tofield.

The organizations in Tofield have a great challenge and some worthwhile projects to work on. The members of the Tofield Community League have fallen into a rut and are sitting back on their haunches and pointing at the Memorial Hall saying, "Look what we did for Tofield." If the truth were known there is only a very small percentage of the present Community League membership who helped with the ground work of the hall. The rest came along when the hard work was over and the hall was a paying proposition.

Columns could be written on the needs of the youth but one glance at the streets will show the need for a playground for the little children. If the town could not supply it then there is certainly a worthwhile project for some club to work on.

Everytime someone mentions a rink for Tofield he is quickly told that it would not work. That is a mercenary answer in providing wholesome entertainment for the youth. We agree with the critics that it could not be built either this year or next but Rome was not built in a day. If a start is not made sometime, the finish will never come.

"The challenge is here. Let us arise and meet it."

WARMS AND RUMORS OF WARS

Chou-En-lai, prime minister of China is reported to be threatening to invade the island of Formosa, which is the last refuge of Free China. On Formosa, Chiang-Kai-shek, the leader of the Chinese Nationalist government, has maintained a small army which is said to be very efficient. But that is all that Chiang has left of his once great army.

Now it happens that Formosa is one of the spoils of war, which fell to the United States in World War II. America still has a protectorate over the island and will certainly bitterly resent any invasion. In fact swift retaliation is almost certain to follow. Chou-En-lai knows this very well and he also knows that America can inflict terrible punishment on China if he ventures to attack Formosa. Consider the effect of an atom bomb or an H-bomb on such cities as Shanghai, Canton or Peking.

It may be that Chou-En-lai is just bluffing about Formosa while preparing some new devilry elsewhere. It is not in the nature of the Orientals to reveal their intentions beforehand. Witness the Pearl Harbor attack in December 1941.

But seriously enough in spite of all turmoil and threats of war, the world is technically at peace today, except of course the little disturbance in Malaya, Tunisia, Kenya, Morocco and a perpetual squabbling in the Latin American republics. But none of these wars are, not even the fighting which takes

place between Israel and the Arab tribes.

A question arises as to whether in case of an American-Chinese war Russia would intervene. It is very unlikely. Russia is gaining by way of diplomacy more than the Kremlin could ever hope to gain by open war.

Russia would supply China with arms and ammunition and even military guidance. But Russia has no intention of going to war on behalf of China or anybody else. It is too risky. Russia already has a lot of satellite nations which are just waiting for an opportunity to get rid of their communist bosses. There can be no doubt that Russia wants peace, lots of peace, but in the long run it must be a Russian peace.

Local Couple Exchange Marriage Vows

In a recent interfaith ceremony, Miss Mary Ellen and Mr. John W. Brown exchanged marriage vows in a simple but meaningful ceremony. The ceremony was held at the home of the bride's parents, Mr. and Mrs. J. W. Brown, on Sunday, September 20, 1964. The bride, Miss Mary Ellen, was accompanied by her father, Mr. J. W. Brown, and the groom, Mr. John W. Brown, was accompanied by his mother, Mrs. J. W. Brown. The ceremony was officiated by Rev. J. W. Brown, and the couple exchanged vows in the presence of family and friends.

The couple was joined in holy matrimony by Rev. J. W. Brown, and the ceremony was a beautiful and memorable occasion for all who attended. The bride wore a beautiful white gown, and the groom wore a dark suit. The ceremony was held in a private home, and the atmosphere was warm and intimate.

The couple will be residing in Tofield, Alberta, and they are looking forward to a happy and successful future together. They plan to have a reception at the home of the bride's parents on Friday, September 25, 1964.

How Banking keeps pace...

New ideas in bank services give you speedier, more convenient, more informal banking service.

Modern machines help bank staffs keep up with greater use of services by more and more customers.

Today Canadians have 9,000,000 deposit accounts in the chartered banks—3,600,000 opened in the past ten years. Within the same period, bank staffs have increased to more than 50,000. Banking has grown in size and scope, continually adapting its services and improving its methods of operation, keeping pace with the greatly-increasing banking requirements of the Canadian people.

TELEVISION

This week the Edmonton television station went on the air officially and a number of persons in the district have viewed this new invention of the electronics world, for the first time. Already the air above Tofield is becoming full of antennas. On last count five could be seen stretching upward, four on business places and one on a residence.

As to the workings of television we do not profess to know much about it. As far as we are concerned it is a wonderful thing to be able to transmit light and sound through the air with no tangible transmission medium. For the learned in the field it is undoubtedly comparatively simple but not for us.

We like to listen to the scoffers who say that we can find nothing but criticism in it. This we presume is natural for radio went through the same stages before it got universal acceptance. Some even claim it is an evil force. Some even claim it is a new evil force. We do believe that it can be a time consuming but that again is in the person and not in the set.

However it is new and at the present a great novelty and for this reason

Radars Controls

A new sign has appeared on the highway between here and Edmonton located just the other side of Cooking Lake. It reads "Speed Radar Control". This is a new device which is being used by the R.C.M.P. to check speeding and dangerous driving on the highways in Alberta.

These new radar speed meters which are now being pressed into service will be used in shadow cars or in regular police cars or can be hidden in stationary positions. The unit consists of a 27-pound radar transmitter-receiver operating at a frequency of 2,000 megacycles. Variations in the reflected radar transmissions are translated into speed which is registered in miles an hour on a dial. These units are mounted on the rear of a police car and the radar notes the speed in the opposite direction.

This new device will have other possibilities catching traffic violators. It is also being used to detect the speed of boats on the water. It is also being used to detect the speed of aircraft.

COAL

Last week we pointed out in these columns the need of a trade or chamber of commerce in Tofield. A number of persons told us that they agreed 100 per cent on this matter as we understand that Tofield has the need is still here. Why we agree is that up again as soon as to point out that if everyone sees the need but still nothing is done about it is no better than if everyone felt that such an organization is not needed. As the majority seem to be in favor why not get together and get organized.

Ontario Disaster

The hurricane that struck central Ontario last week caused hundreds of millions of dollars damage to property, about a hundred people lost their lives and thousands left homeless by the devastating storm. Acres and acres of land were inundated by the flood that followed the heavy downpour of rain. It was a major disaster in the history of Canada. While this hurricane was raging through Ontario and the East, western Canada was basking in bright sunshine and a smiling harvest moon. The three prairie provinces have been hit hard by excessive rains and the growing crops suffered from lack of sunny warm weather which has lowered the quality of the crop as well as the yield. But from the reports coming from the areas made decimate by the violation of nature in Ontario, we feel that we in the west are the most fortunate of all.

—Viking News

Pointless Argument

We are constantly being irritated by glib phrases which are tossed out to justify a sin or an opinion by a person who don't want to think very hard about what they are saying. A short time ago the desegregation judgment of the Supreme Court in United States was under discussion and one of the party said, "I don't care, you can't legislate tolerance."

What makes this statement pointless is that United States is not trying to legislate tolerance; the judgement was concerned with something quite different, that is, segregation, which can be legislated. The judgement made it clear that segregation is wrong and it may create a new tolerance, but the judgement was made possible by the public acceptance of the idea that discrimination is wrong.

Meanwhile here in Alberta tolerance of the Huttenbergs hasn't been taken against them. Neither is the extermination in the form of segregation going to increase tolerance.

You can't legislate people into being good drivers any more than you can legislate the men into being good Christians, but you can make rules for the road and you can penalize anyone who denies his neighbor's right to access to public services.

At the other end of the unthinking argument on the negro question is the person who blindly defends the negro right or wrong and persistently makes excuses for him. The negro, too, has a responsibility as a citizen.

The most aggravating instance for us was a person who demanded that we write indignant editorials when police stopped and questioned some negroes in a town along this line. We finally acquiesced the questions by asking if there would have been the same situation if the men questioned had been white.

This business of tolerance works two ways and it is going to take a long while to iron out the difficulties

IMPORTANT NOTICE

To All Telephone Subscribers

New Telephone Billing System

In Effect With Your Next Bill

Growth of the Alberta Government Telephones has necessitated the adoption of a new Billing System in order to assure utmost efficiency in the rendering of telephone bills. It will go into effect with your next bill.

This new system, known as Rotation and Machine Billing, is used by many of the larger telephone, water, gas, power and electric light companies. It is designed to overcome the many difficulties encountered by our accounting and business office staffs in rendering all telephone bills at the beginning of each month. Subscribers will benefit by receiving their telephone bills more promptly.

HOW YOU WILL BE BILLED

Instead of billing the first of the month as at present, future Tofield bills will be issued on the 22nd of each month.

Exchange service and directory advertising will be billed one month in advance as at present, beginning with the date of the bill.

Long distance calls will be billed for one month ending the day preceding the billing date on the bill.

YOUR NEXT BILL

Your next bill will be a "transition bill" to adjust your account from the old system to the new. A notice will be enclosed with your Transition Bill giving you your new Billing Date and other information about your account under the new plan. Please read it carefully and retain it for future reference.

Alberta Government Telephones

Do Life Insurance Co's Have faith in Canada

Any life insurance company that would not have faith in the Canadian people is not a life insurance company. This is the opinion of the Canadian Life Insurance Association. The association is a national organization of life insurance companies in Canada. It is a national organization of life insurance companies in Canada. It is a national organization of life insurance companies in Canada.

On the fact of it, certainly, life insurance companies in Canada are not only a national organization of life insurance companies in Canada. They are also a national organization of life insurance companies in Canada. They are also a national organization of life insurance companies in Canada.

Construction To Start Soon On New B. of M.

The contract for the construction of the new Bank of Montreal was let last week to R. Volcan Construction Company of Edmonton. The total estimated construction cost is \$400,000.00. The building will be 35 feet wide on the north end, 24 on the south and 50 on the east and west ends. Plans call for the highest specifications throughout the entire building.

The building will be of three levels and will be constructed of concrete and steel. The first level will be a two-story office building. The second level will be a three-story office building. The third level will be a four-story office building. The building will be located on the same lot that is now occupied by the old bank building. Construction is expected to start as soon as possible.

Car Badly Damaged When Bathed In Creek

Three persons were injured and hospitalized overnight when their 1953 Chevrolet went over the edge of a bridge, about two and one-half miles north of Tofield on the Chipman highway. Mr. Thir, of Tofield, was the driver of the car and received multiple cuts and bruises. Mr. Thir, also a passenger in the car was only badly shaken up.

The accident occurred about 10:30 p.m. on Wednesday. The car was driving south on the Chipman highway. It was crossing a bridge over a creek. The car lost control and went over the edge of the bridge. The car was badly damaged and was a total loss. The three persons were injured and hospitalized overnight.

Placed Deadline On Parcels For Overseas

The Canadian postal service has set a deadline for the delivery of parcels to be sent overseas. The deadline is November 11, 1964. Parcels must be delivered to the post office by this date. The parcels must be properly packed and labeled. The parcels must be sent by registered mail. The parcels must be sent to the post office in Tofield.

Barrio Couple To Celebrate Golden Anniversary

Mr. and Mrs. Joseph G. Gaudin are celebrating their golden anniversary on November 11, 1964. They were married on November 11, 1914. They have three children: Mr. and Mrs. Joseph G. Gaudin, Jr., Mr. and Mrs. Joseph G. Gaudin, and Mr. and Mrs. Joseph G. Gaudin. They live in Tofield.

Home & School Sponsors Pot Luck Supper

The Home & School Association is sponsoring a pot luck supper on November 11, 1964. The supper will be held at the Tofield Community Centre. The supper will be from 6:00 p.m. to 8:00 p.m. The supper will be a pot luck supper. The supper will be sponsored by the Home & School Association.

NOT FORGOTTEN

Today Armistice Day has become a symbol of a time when there will be no more wars. When nations will live together in harmony and peace. It is fitting that on November 11th, we salute those who have given their lives to hasten that day - and to breathe a prayer that their sacrifice has not been in vain.

NOVEMBER 22 IS ROUNDUP DAY

The co-operation of Alberta farmers will determine the success of this very important Farmers' Union membership drive. The issue is squarely up to the farmers to take this opportunity to build a strong Farmers' Union.
U. F. A. Co-op, organized by farmers to serve farmers in the farm supply field, is keenly interested in the development of a strong Farmers' organization. To get a fair deal for agriculture it is essential to have a farm organization with a membership representing the majority of the Farmers of Alberta.
U. F. A. Co-op strongly urges all its members to play a part in Roundup Day. Join the Farmers' Union of Alberta. Get your neighbors to join.

WE WILL REMEMBER THEM

In Flanders Fields the poppies blow
Between the crosses row on row,
That mark our place, and in the sky
The larks, still bravely singing, fly.
Scarcely heard their tunes given,
We are the dead. Short days ago,
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders Fields.

3 MEN

who are working for Your Wife

Right this minute, these
men are working for your wife.
And there are hundreds more
like them — members of the
natural gas industry team that
provide this purposeful life to
you and your family.

These three men are part
of your gas company organization
that keeps the gas coming
when you want it and in the
quantities you want. Content
independence by your gas com-
pany goes on in all kinds of
weather.

The third man is responsible
for maintaining the safety
of your gas system.

Bank Of Montreal Reports Financial Increase

Revealing the highest capital growth in Canadian banking history, the Bank of Montreal today announced a record increase in its assets of \$100,000,000, or 10 per cent, for the year ended October 31, 1964.

The bank's president, Robert L. Brown, said that the increase was due to a combination of factors, including a record increase in deposits, a record increase in loans, and a record increase in investments.

New Seed Grain Treatment Now Available

A new seed grain treatment, known as "Seed Guard," is now available to farmers in the province of Alberta. The treatment is designed to protect seed from diseases and insects, and to improve the germination rate.

The treatment is applied to the seed by a special machine, and it is safe for the farmer and the environment.

On CBC Radio

On CBC Radio, the program "The House of the Future" is being broadcast. The program is a series of plays that explore the possibilities of life in the future.

The first play, "The House of the Future," is set in the year 2000. It tells the story of a family that has moved into a new house that has been built using the latest technology.

Polythene For Shearing Rink

Sheep owners in the province of Alberta are now being encouraged to use polythene for shearing rinks. The use of polythene is said to be more efficient and less costly than other methods.

The polythene is used to create a temporary rink that can be set up in a matter of hours. It is also easy to clean and can be reused many times.

But the latest vehicle in the market

The latest vehicle in the market is the "Ford Mustang." It is a fast, sleek, and powerful car that has captured the imagination of many drivers.

The Mustang is available in a variety of colors and options, and it is priced to appeal to a wide range of buyers.

RYLEY RIPPLES

RYLEY Ripples, a series of small waves that are caused by the movement of water, are a common sight in many bodies of water.

The ripples are caused by the transfer of energy from one point to another, and they can be used to study the properties of water and the forces that act upon it.

SUNAR RAY STARTS COMBACK IN CANADA

SUNAR Ray, a famous Canadian actor, is making a comeback in the Canadian film industry. He is set to star in a new film that is expected to be a major success.

Ray has been away from the screen for some time, but he is now back and ready to take on the challenges of the industry.

Will Live In Edmonton

Farwell Party Held For Mrs. John Alseth. A party was held in honor of Mrs. John Alseth, who is moving to Edmonton. The party was attended by many friends and family members.

Mrs. Alseth is a well-known figure in the community, and her move to Edmonton is a significant event.

ONE HUNDRED MILLION CHARGING BEAR

A large bear, estimated to be worth one hundred million dollars, is charging through the streets of a city. The bear is causing a great deal of panic and damage.

The city authorities are trying to contain the bear, but it is proving to be a difficult task.

Strong Liquidation

A strong liquidation is taking place in the city. The liquidation is the result of a company that has gone bankrupt, and it is expected to last for some time.

The liquidation is causing a great deal of concern among the creditors, but the liquidator is working to resolve the situation as quickly as possible.

Now Canadian House of Commons

The Canadian House of Commons is now in session. The session is expected to last for several days, and it will cover a wide range of issues.

The House is expected to pass several important bills, and it will also hear testimony from various witnesses.

PRAIRIE AGRICULTURE IN REVIEW

A review of prairie agriculture is being conducted by a group of experts. The review is intended to identify the strengths and weaknesses of the industry, and to recommend ways to improve it.

The review is being conducted over a period of several months, and it is expected to produce a comprehensive report.

MUNICIPALITY OF SEVEN 75

The Municipality of Seven 75 is a new municipality that has been created in the province of Alberta. It is one of the smallest municipalities in the province, but it is expected to play an important role in the region.

The municipality is currently in the process of setting up its government, and it is expected to be fully operational by the end of the year.

FOR SALE

LAND—Several good farms, one-quarter and half sections for sale, some with very good buildings.

HOUSES—We have several for sale in Ryley. Careful drivers, \$15,000 to \$20,000 per car.

RAY SELTHUN AGENCIES

RYLEY 4-H DAIRY CLUB RE-ORGANIZED

The Ryley 4-H Dairy Club has been re-organized. The new club is expected to be more active and to provide more services to its members.

The club is currently in the process of recruiting new members, and it is expected to hold its first meeting soon.

SEEDTIME HARVEST

SEEDTIME and HARVEST are two new books that have been published by a local publisher. The books are designed to help farmers understand the importance of seed and harvest in the agricultural cycle.

The books are available for purchase at a special price, and they are expected to be popular among farmers and students alike.

Provincial Play Writing Competition For Jubilee

A provincial play writing competition is being held in honor of the Jubilee. The competition is open to all playwrights in the province, and it is expected to produce several excellent plays.

The winning play will be produced by a local theatre company, and the playwright will receive a cash prize.

ROKOL DION FEED CUTTERS

ROKOL DION Feed Cutters are a new line of feed cutters that have been developed by a local company. The cutters are designed to be efficient and easy to use, and they are expected to be popular among farmers.

The cutters are currently on display at a local exhibition, and they are expected to be sold soon.

ROCK OIL COMPANY

ROCK OIL COMPANY is a new company that has been formed in the province of Alberta. The company is focused on the production and distribution of oil, and it is expected to play a significant role in the industry.

The company is currently in the process of setting up its operations, and it is expected to be fully operational by the end of the year.

VILLAGE OF RYLEY

The Village of Ryley is a small community that is located in the province of Alberta. The village is known for its beautiful scenery and its friendly residents.

The village is currently in the process of developing a tourism industry, and it is expected to attract more visitors in the future.

Former Ryley Boy

A former Ryley boy is making a name for himself in the world of sports. He is a talented athlete who has excelled in several different sports, and he is expected to continue to achieve success in the future.

The boy is currently a member of a local sports team, and he is expected to represent his team in several upcoming competitions.

Weds At Carstairs

A wedding ceremony was held in Carstairs on Wednesday. The ceremony was attended by many friends and family members, and it was a very successful event.

The bride and groom are both well-known figures in the community, and their wedding is expected to be a memorable event.

WINTER IS COMING...

WINTER IS COMING... Change the oil and grease in tractors, cars and trucks now! Don't wait until it's too late to do so.

Ryley To Vote for Water

This coming week the people of Ryley go to the polls to vote on the borrowing of money to put a water and sewer system in the village. In a visit to the village this week we learned that there is some controversy as to whether it is needed or not. We understand that at times the light rains very warm. We can think of no good reason why Ryley should not have the water. They are at the present time in a very good financial position with no heavy debt to pay, their taxes, we understand, are in proportion with other villages, so if others can do it, why can't Ryley?

Ryley is situated about half way between Toftfield and Holden. This being the case they are always competing with two centres which have some of the largest business centres. One of the main- a progressive town of the future. This leaves Ryley sandwiched in between two rapidly progressing centres. If the Ryley council can find a way to get water and sewer as they want to do the village will still have a good chance of competing with the two other centres which have already got the water and sewer. However, if the ratepayers turn down the chance for these services the village will soon be

It's A Lot Of Money

The following publicity release crossed our desk this morning.
 "Hon. C. E. Gerhart, Minister of Municipal Affairs, has announced that \$100,000 will be made available to assist Alberta municipalities with Golden Jubilee observances."

The fund will be available on a per capita basis for various Jubilee programs that can include development of local attractions or local production of Jubilee activities from other parts of Alberta. Adjacent communities wishing to combine their Jubilee programs may pool their grants.

Arrangements are now being made for provincial Jubilee organizations to assist communities in organization and planning of Jubilee programs. Communities wishing Jubilee grants are asked to set up Jubilee committees and write to the Alberta Jubilee Committee, 410 Alberta Jasper Building, Edmonton, so that a representative of the Jubilee Committee can

attend organizational meetings. This is all very good, but isn't that figure covering the bigger cities a lot of money to spend on celebrating?

CHRISTMAS SEAL CAMPAIGN

The Christmas Seal Campaign by the Alberta Tuberculosis Association is again in full swing. The officials of the association say that funds coming in to go to the chest X-ray of hospital patients, health education and other methods, all designed toward the eradication of tuberculosis.

If you have not already sent in your contribution for Christmas seals, do so soon.

Notice to All Cattle Owners Within The M.D. of Beaver No. 73

The Agriculture Service Board wishes to bring to the attention of all cattle owners in the Municipality that it is necessary to have all cattle branded with the appropriate brand and to have the brand recorded in the appropriate records.

Completion of the present campaign, authorized by the Board, will be completed by the end of the year. It is necessary that all cattle owners have their cattle branded and the brand recorded in the appropriate records.

One of the Wonders of Nature
The little man you have seen "Gump" is a wonder of nature. He is a small man, but he is a great man. He is a man who has achieved great things in his life.

Christmas is a time of gaiety and relaxation. Every year thousands of joyed doing Christmas things stand in long lines waiting to feel the world that this is a happy time.

All too many of these Christmas lines are going to be responsible for a very unhappy Christmas. Some of them will be responsible for tragic fires which cause loss of life, property and suffering. Will your house be an unhappy one?

Previous fire will cause new troubles and chained for the water. Fires for spreading the love is commonly recommended but is very different.

Electric Christmas tree lights should be checked carefully. If a cord is defective short circuits could cause fires. Plug the tree as far as possible from radiators. Be sure to fasten securely to prevent this Christmas tree tragedy draw!

Many trees can be easily handled. Many trees are started by trees drying out and the resin igniting by a spark. The best way to prevent fire is to place the tree in water or in mud which is kept moist by frequent addition of water. The tree will soak up the moisture if a drink out is made just prior to erecting the tree. A cut one or two inches above the

A Letter To The Editor

A Letter To The Editor

Tulheim, January 15, 1981

Dear Mr. Editor:

The Citizens of Tulheim.

I address this to you all because I feel it concerns you all. In Tulheim, the Tulheim Citizens League appealed to you in its first year of existence to question the way we have been running this town. I have had many young people today that have just returned from our work and they are second time this month. They are returning there they are discouraged. Are we appointing them shoving at our brother? Now don't you think I believe that the hockey and hockey team. Mean power to the Tulheim Hockey Team. To compare these things, have on the young team to appeal a lawsuit of hockey. The players have their right to appeal a lawsuit on this risk the hockey team certainly no doubt about it. While I am sure many others, take their shares and go home. We are not going to let the hockey team on this is our power. This is for your information. I am sure you will have a day of our shoving a team. Rick DeVries

Farewell Party Held For Rylee Couple

A number of friends gathered at the residence home of Mr. and Mrs. J. H. Rylee to bid adieu to the Rylee couple who are leaving for their new home in Edmonton. The party was held at 8:30 p.m. and was attended by a large number of friends. Mr. and Mrs. Rylee were both present and enjoyed the evening very much. The party was a very successful one and all enjoyed it very much. Mr. and Mrs. Rylee are both well and hope to hear from their friends soon.

HAMILTON RAY GOT IN THE WAY

Hamilton Ray, a well-known figure in the community, was seen at a recent event. He is a man of middle age with dark hair, wearing a suit and tie. He is looking directly at the camera with a slight smile. The background is dark and out of focus.

After the usual official duties of the day, the Rylee couple were seen at a recent event. They were both well and enjoyed the evening very much. The party was a very successful one and all enjoyed it very much. Mr. and Mrs. Rylee are both well and hope to hear from their friends soon.

Somebody Gets Splashed

"THE CANADIAN" CUTS TIME

A black and white photograph showing a majestic mountain range with sharp peaks and significant snow cover. The sky is filled with dramatic, dark clouds, creating a high-contrast scene. The foreground is dark and indistinct, focusing the viewer's attention on the mountain's grandeur.

Somebody Gets Splashed

In attempting to explain Agri-
cultural Commissioner John C. Kline-
man's plan of freezing the
Governor's letter surplus at the
hospitals, Prime Minister Sir La-
urens van der Spuy said:

"The policy will be to exercise
very strict supervision to prevent
the surplus from being used in cir-
cumstances and does not affect any
other marketing conditions".

From his remarks it is clear that
the Government of Suriname does
not intend that there is a vain hope

of any marketing conditions ap-
peared to be affected. The intention
that the hospitals and other public
institutions get at least a portion
or as a gift from Mr. Grand
Duke, will simply require the
Government to make a decision. You
just need not drop additional
to the mouth of health surpluses with-
out necessarily getting approval.

PUBLIC NOTICE

WHEREAS, by Ministerial Order dated the 8th day of December, 1984, and effective the 1st day of January, 1985, for electoral purposes, the area within the boundaries of the Municipal District of Beaver No. 73 was divided into seven electoral divisions, and

WHEREAS, the Municipal Council has recommended certain changes in the electoral division within the boundaries of the Municipal District of Beaver No. 73; and

WHEREAS, it is deemed advisable and expedient to implement the recommendations of the Municipal Council in regard to the electoral divisions in the Municipal District of Beaver No. 73.

NOW THEREFORE, the undersigned, by virtue of the authority vested in me by section 22 of The Municipal District Act being chapter 24 of the Statutes of Alberta, 1980, DOES HEREBY ORDER:

[illegible]

That the part of the Ministerial ORDER, dated the 9th day of December, 1954, setting out the areas of the electoral divisions is hereby amended as follows:

The west one third of townships 46 and 47; sections 5 to 8 inclusive and 17 and 18 in townships 48, all in range 12 be withdrawn from electoral division number 2 and added to electoral division number 1.

Sections 19, 20 and 29 to 32 inclusive in

Along the road 50 unpaved drivings of snow (provided it is placed the required 180 feet back from the road), and a solid barrier of snow is to be placed in the spring and thereby conserve moisture and prevent wind and water erosion.

The demand for hay has been expressed by Mr. McCann, county agent who is interested to get their applications in as soon as possible.

The organ, interpreted between the numbers were a number of visitors to the fair.

The United Church W. A. is sponsoring these programs. You are invited to attend next Sunday.

—

During 1954 truster sales in Canada totaled 2,750 compared with 6,719 in 1953. Truster sales in the West totaled 13,900 in 1954 and in 1953 15,000.

Wish I could try to AGRI- best of my ability, and if you find me I can be of some help. I will be a server

Respectfully, Ed. Haguen

Sections 7 to 36 inclusive in township 60, in range 20; and sections 10 to 15 inclusive, 22 to 28 inclusive and 32 to 36 inclusive in township 60, in range 21, be withdrawn from electoral division number 4 and added to electoral

ALCOHOL INDICATOR TESTS DEFLATE THOSE WHO CAN "HANDLE THEIR LIQUOR"

In the interest of science, few doors are closed to the use of alcohol indicator tests. The experiments, in Toronto, extended over four months and the purpose was to test a new type of alcohol indicator test. The test, which the investigators hope will give police a better idea of whether a driver is fit to drive, was conducted by Dr. J. H. Ferguson, the head of the experimental research department at the University of Toronto. The project was the first of its kind in Canada.

SPARKING OF PEACEFUL CO-EXISTENCE

Bert Bell, right, co-ordinator of the U.S. National Council for the Americas, is shown talking over a "peace program" with Ralph Connor, president of Canada's Red Cross, at a meeting between the two organizations. The meeting was held in the city of Toronto, where the two groups are working to promote peaceful co-existence between the two nations.

LEG BROKEN, SURVIVES SUB-ZERO WEATHER

Carl Thompson, a 35-year-old man, was found in a state of severe hypothermia after being stranded in the Canadian wilderness for several days. He was rescued by a search party and is now recovering in a hospital. The incident highlights the dangers of venturing into the wilderness without proper preparation.

The polio vaccine program will be
started in your schools as soon as all consent
forms are returned. These consent forms will
be distributed in the coming week. Your
cooperation in returning these forms promptly is
requested.

All Grade I children and those who received
lumbar shots in 1951 will be done first. The
schools in which the Grade II students will be
vaccinated will be chosen by lot from all schools
in the Vancouver Health Unit.

P. Carmichael, M.D.,
Medical Health Officer,
Vancouver Health Unit.

OF MANY THINGS

By AMY ROSE HILL
The other day I had lunch with a friend who
was a great admirer of the late Mr. J. W. Brown.
He told me that he had been to the funeral of
Mr. Brown and that he had been very much
impressed by the service.

Harold Schultz, Indian Reel Collector Entertains Edmonton Crowd

Mr. and Mrs. Alton of Edmonton brought up their own set of reels and a crowd of about 200 people gathered to watch the reels.

The reels were played for about an hour and a half. The crowd was very interested in the reels.

Mr. and Mrs. Alton were very pleased with the response to their reels. They will be bringing more reels to the city.

LOOKING FOR A BARGAIN?

With prices so much higher than they were before the war, bargains are hard to find these days.

For example... materials used in building houses have gone up 170%.

Food is up 107%.

The average wholesale price of all the things people buy has gone up 116% (and those are government figures) but

during the same period the price of gasoline has gone up only 35% (less than one-third of the average).

THE GOOD EARTH

Due to the late spring, farmers are now in a hurry to get their crops in the ground. The weather is becoming warm and the soil is soft, which is a good sign for the growing season.

SPRAY EARLY

Weeds, even when quite young, compete with the growing crop for plant food, moisture, and light. Early treatment of weeds with chemicals is, therefore, recommended to maintain yields to be obtained. Farmers who are in doubt as to when best to spray their crops should consult their nearest Agricultural Representative or Experimental Station.

SO NEW! SO BIG! SO POWERFUL!

**Come SEE and TRY the all-new
International W400**

**WITH POWER STEERING — POWER-BOOSTING TORQUE
AMPLIFIER HYDRA — HYDRA-TOUGH HYDRAULIC CONTROL**

— COMPLETELY INDEPENDENT POWER TAKE-OFF

One truck in your fleet is set for the most severe and toughest loads to be hauled today, working all day long in the toughest conditions. To handle the demands of "Double or Die!" Everything has to be ahead, pulling, pushing, climbing, digging, tearing, breaking, crushing, shearing, and so on. The solution — more than a heavy-duty truck. You need a truck that can call for a true partner to yourself. Demand the right one, your fleet.

Brucellosis Vaccination Program Rex Boyles To Supervise Spring

The health committee of the Topfield Board of Health has approved a brucellosis vaccination program for the spring season. The program will be supervised by Rex Boyles, who is the health officer for the district.

The committee has decided that the program should be carried out in the following manner: The first vaccination will be held on June 1st, and will be for all cattle over the age of two years. The second vaccination will be held on June 15th, and will be for all cattle over the age of one year. The third vaccination will be held on July 1st, and will be for all cattle over the age of six months.

The committee has also decided that the program should be carried out in the following manner: The first vaccination will be held on June 1st, and will be for all cattle over the age of two years. The second vaccination will be held on June 15th, and will be for all cattle over the age of one year. The third vaccination will be held on July 1st, and will be for all cattle over the age of six months.

DR. F. MACNEILL
SMITH
Liberal Candidate

The Liberal party is by far the most progressive and forward-looking of the political parties in Canada. It is the only party that stands for the rights of the individual, for the rights of the worker, for the rights of the farmer, for the rights of the small business man, for the rights of the poor, for the rights of the oppressed, for the rights of the underdog. It is the only party that stands for the rights of the people.

Golden Jubilee Anthology

This week a copy of the Alberta Golden Jubilee Anthology appeared on our desk with the compliments of Northwest Utilities Limited. Although we have not had time to say more than, "congratulations on the book," we will be pleased to say that the following is a rough outline of what lies between the covers.

The Alberta Golden Jubilee Anthology is a significant cultural event. It contains a series of 100 Alberta authors and more could have been included if the plan of the book had permitted.

The Anthology is divided into seven sections. The first four present the story of Alberta in a series of impressionistic pictures.

"The Romance of Yesterday," the first section, describes Alberta up to 1905, including the Indians, the first white men, the arrival of the Mounted Police, and the stories of early missionaries, ranchers and farmers.

The period from 1905 to 1945 is described in the second section, "Our Changing Year." The Alberta of today, its education and health services, its hunting and fishing, its parks, art, music and drama are portrayed in the third section, "The Alberta Scene."

No description of any Province would be complete without a glimpse of the economic structure and "The Golden Decade," the fourth section, provides this. This section tells of ranching and farming, of the great natural resources, of oil and natural gas, and the industries, old and new.

In the first four sections, there is a dramatic and colorful view of the Alberta of past, present, and future, with the courage, optimism and pioneering spirit of the people connecting all with a strong theme. Obviously, no detailed description of Alberta could be presented in one volume but the articles cover the highlights of Alberta's greatness.

Alberta writers rank high in fiction, poetry and drama and are represented in the anthology in two sections. The first, "This is One of My Best," is made entirely of original writing, of short stories and radio writers. Here is one of Rose Annett's appealing "Babe" stories from The Saturday Evening Post, and a short story by W. O. Mitchell, "The One of My Best," is made entirely of original writing, of short stories and radio writers.

The second imaginative section contains unpublished stories by writers whose work has been recognized and by writers who are making their first appearance in print. A fine selection of poetry contains the work of approximately 30 Alberta poets with "A Message for Tomorrow" by Dr. Irene Parry by concluding the book.

The work of preparing the Anthology has revealed an astonishing number of writers in Alberta. More than 1,000 manuscripts were received.

the majority showing clear literary merit. More could have been printed had more space been available. In appearance, the Anthology is attractive. Its cover has a spine in gold foil and the title is gold on a dark green background. It contains 12 color photographs, 16 half-tone photographs and full-color reproductions of the eight prize-winning paintings by Alberta artists. The appearance is further enhanced by a number of full-page illustrations as well as 50 chapter-heading illustrations by G. H. Glyde, R.C.A. The type has been selected for easy reading.

The Alberta Golden Jubilee Anthology is a book every Alberta citizen will wish to have as a memory of the Jubilee Year and as a book of permanent interest and literary quality.

Provincial Election

As yet the provincial election has not created any enthusiasm, at least not in this area. The people were more or less satisfied with the present party and for that reason they are showing little interest in the election. Latest information we have is that three parties will be running candidates in this constituency with a possible fourth Social Credit, C.C.F. and Liberal are all holding conventions in the immediate future, while the Conservatives have been looking for some one to run, but as to date have made no final statement.

The enumerators are presently at work preparing the voter's lists and citizens would be well advised to check with their local enumerator to be sure that their name is on the list. All Canadian citizens nineteen years and over are entitled to vote providing they have lived in the province one year and in the present constituency two months.

The older people should not meet the advice to get out and vote but to those who are eligible for the first time we would like to point out that it is your duty as Canadian citizens to get out and vote. Check now to see that your name is on the list and when election day rolls around get out and vote!

TOAST TO WATER
Water, the daily need of every living thing; it rises from the earth, and descends in showers of blessings. It gives it its beauty to the fragrant flowers. It is the alchemy that transmutates base clay into golden grain. It is the canvas on which the finger of the Infinite traces the radiant bow of heaven. It is the drink that cheers and brings no sorrow with it. Jehovah called it "at creation's dawn and said: 'It is good.'"

—William Jennings Brown
CONTENTMENT
Keep your heart free from hate, your mind from worry, live simply; expect little; give much; sing often, pray always. Fill your life with love; revere sunshine. Forget self. Think of others. Do as would be done by. These are the tried laws in contentment's golden chain. —McLeod

CHARLES UNCOMFORTABLE, ANNE AT EASE AT HORSE SHOW

Ever present by the side of the horse show, Charles and Anne are seen in the background. Charles, looking very uncomfortable, is being assisted by others. Anne, on the other hand, is at ease and looking on.

WITH THE LEGISLATURE

The legislative session during the week of June 1-5, 1966, was a busy one for the members of the Alberta Legislature. The session was held in the Alberta Legislature Building in Edmonton. The members of the legislature were seen in various parts of the building, including the chamber, the committee rooms, and the public galleries. The session was attended by a large number of people, including members of the legislature, their families, and the public. The session was a success, and the members of the legislature were able to complete their work for the week.

You always get the best values from your FORD-MONARCH DEALER

Bees Have Many Likes And Dislikes
In Nectar From Clover Plants

Like humans, bees have many likes and dislikes when it comes to nectar. Bees are attracted to certain flowers and plants, and they avoid others. Bees are also attracted to certain colors and scents. Bees are important for the production of honey and for the pollination of many plants.

CHICKEN DINNER

Will Be Held At The

With Your District Home Economist

Home economists are the people who help you make the most of your money. They are the people who know the latest in home management, home improvement, and home decoration. They are the people who can help you save money on your home, your family, and your future.

Let's Eat

by DA BARRY ALLEN

"Feeling full" is a phrase we hear all the time. But what does it mean? It means you are satisfied with what you have eaten. It means you are happy with your meal. It means you are enjoying your food.

"Feeling full" is a phrase we hear all the time. But what does it mean? It means you are satisfied with what you have eaten. It means you are happy with your meal. It means you are enjoying your food.

Tips on Touring

Twenty million people are expected to travel during the summer months. This is a great time to visit new places, see new sights, and enjoy new experiences. But there are some things you should know before you go.

Alberta Wheat Pool

Patronage

The Alberta Wheat Pool intends to operate for the crop year 1965-66 on a patronage dividend basis in keeping with the co-operative principles on which the Pool was formed.

The following notice is published in compliance with the provisions of "The Income Tax Act":

"As required by 'The Income Tax Act' this will advise our members that it is our intent to make a payment in proportion to patronage in respect to the year ending the 31st day of July, 1966, and we hereby hold forth the prospect of a patronage payment accordingly."

Safe Childbirth for Mothers and Babies

The health of a mother and her baby is the most important thing in the world. It is the responsibility of the doctor to make sure that the mother and baby are healthy. The doctor should make sure that the mother is healthy before she has the baby. The doctor should make sure that the baby is healthy after it is born. The doctor should make sure that the mother and baby are healthy throughout the pregnancy and the birth.

It was decided that the date in August would be a better time for the year as the weather is more pleasant. Details will be announced after the next Lions meeting. The members' meeting was presided over by president, John Smith.

TOFIELD MERCURY, TOFIELD, ALTA.

Page Seven

30,000 BILLET FOR THE POLICE

Members of the Canadian navy, army and air force will be at the Tofield Community Centre and Theatre, Watson (Tofield) Ltd. submitted the lowest bid and their tender for \$6,820 was accepted and the contract awarded to that firm. Watson's price was \$2,000 less than the only other tender which was submitted by a Camrose contractor. It is estimated that the foundations will be completed by July 15th, after which work on the main structure can commence.

It is expected that a call for tenders for the general contract for the structure will be published soon. The Building and Finance Committee of the League are in a very active state. All those members of the executive not serving on the Building Committee have been designated as Finance Committee members and will work under the guidance of Mr. Horace Sellers, manager of the Bank of Montreal.

As portrayed elsewhere in this issue of the Mercury, the executive and membership at large are directing their immediate efforts toward the July 1st Celebrations. Due in part to the combining this year's sports day with the Alberta Golden Jubilee, enthusiasm for Tofield's biggest day is running higher than ever before and plans are being made to accommodate the greatest crowd in the history of the town.

As the general condition of our streets improves and the holiday season approaches, we are reminded that the power and potential speed of the modern motor car can be more lethal than bullets if adequate and vigilant caution is not exercised. Even the most careful driver must make a daily ritual of reminding himself that:

So, let us proceed along the streets of our friendly town knowing that there are friendly people in the houses along those streets, and some of them may be little people who merit our special care when we are driving our car.

U.S. HOUSING SITUATION
Public Housing Officials of NY City report that 250 of its families living in projects under their control have to be evicted each year. Causes include vandalism, juvenile delinquency, noisy parties and violent fighting. Most of those put out, says NY Housing Authority, manage to find private housing while eviction proceedings are under way which raises question of whether NY really needs public housing.

Chairman of the Ontario municipal board, Lorne Cumming, on May 31st, is quoted in a newspaper as saying that it is a public obligation of municipalities and citizens to see that decent and reasonable housing is available for all citizens.

This suggestion is immoral because it proposes to take from one group and give to another.

The proposed subsidized housing which was being discussed before the municipal board would permit people with incomes up to \$4,800 a year to have such apartments in the Toronto area. This would be \$85 per week. The average wage in Toronto is approximately \$52 according to government figures. The immorality is in asking people to receive \$85 per week to help pay the rent of people having \$92 per week.

Mr. Cumming's attitude is perhaps not surprising because he is the chairman of a board which is almost always within its fair-weather nature. On many of the cases that come before the Ontario municipal board are not subject to appeal. Mr. Cumming has been chairman for a number of years and it has been noted over generations that people who have the power to pontificate do pontificate.

To Station Floating Lighthouse in Saginaw

A giant floating lighthouse is seen here as it left Lethbridge to begin a 100-mile voyage down the St. Lawrence river after three years' duty. First attempt to launch the 400-ton structure was made at the Saginaw river in the St. Lawrence valley. The structure was built by the Saginaw river and was launched into a hole of gravel and rock and then it was in a secure state of constant movement.

LIVE P.T.O. MEANS SMOOTHER HARVESTING WITH A Massey-Harris 33 or 44

Every P.T.O. field job moves along more smoothly

with a new independent Power-Take-Off 33 or 44

When it gets down to your combine or chopper, you

just pull the lever - your tractor stops but the P.T.O.

shoots supplies constant power to clean out the over-

load. When you're ready to move on, just let out the

lever. With a new 33 or 44 you never have to hand-

clamp "winded-up" machines.

Stop in or call us at 84, Tofoeld. Let us show you

the new, efficient Massey-Harris Live P.T.O.

The Coming Election

Last Tuesday a number of local people gathered in the high school auditorium to listen to the viewpoints of the candidates in the running in the Provincial election for this constituency. From an entertainment point of view it was a very different, but if a person was in doubt as to whom to vote for we feel that they could not have been cleared up there. However, that was not the purpose of the meeting and we were pleased that none of the speakers stooped to mud-slinging. We would like to see more of this sort of thing as it would develop more interest in our government.

The thing that people in this constituency have to decide between now and June 29 is, who of the four candidates in the field will represent the people of the constituency the best?

Party politics are very good, but the thing that should be decided before an election is which of the candidates running do we feel is able, cap-

able, in position, etc, to represent the people of this constituency the best. We are not trying to tell you how to vote in these columns, but trying to impress upon the voters the fact that their vote should be cast for the person that is capable of doing the most for the people in this area. "Vote how you please, but please vote".

B. O. M. June Business Review

Reviewing Canada's economic activity thus far in 1966, the Bank of Montreal, in its June Business Review, issued today, finds confirmation of earlier signs of recovery from the 1953-54 recession with the mining and construction industries "starring" in the leading roles on the economic stage. This month's review expresses some disappointment, however, in the unemployment situation, but sees increased manufacturing production and expansion in employment during the providing the "needs" of continued inflation.

Canada's economic resurgence, the B. O. M. notes, has, like recession preceding it, been neither as broad nor as dramatic as that of the United States. U.S. industrial production in March was 8.7 per cent higher than in the previous March, compared with a rise of 5.8 per cent in Canada. Britain's production has also risen more rapidly than Canada's.

Nevertheless, the review points out this country has "benefitted from the growing demand for goods and services in the U.S. and the U.K. - particularly in the latter". In the first four months of this year, exports to the U.K. have risen 46 per cent over the like period in 1964. Canada's total exports for the same four-month period are up 12 percent over a year ago.

Partially offsetting the rise in exports has been an increase of almost eight per cent in imports over the corresponding period last year. The rise was due almost entirely to increased buying from the U.S. causing an upswing in the deficit with the U.S. to \$257 million. Canada's surplus with the U.K., on the other hand, climbed to \$186 million.

Life is a narrow vale between the cold and barren peaks of two eternities. We strive in vain to look beyond the heights. We cry aloud, and the only answer is the echo of our wailing cry. From the voiceless lips of the unrepining dead there comes no word; but in the night of death, home sees a star, and listening, love can hear the rustle of a wing. -Ingersoll-

MARK YOUR BALLOTS 1, 2, 3

In the Provincial election coming up a different system of voting is used than that in the Dominion. You mark your ballot 1, 2, and 3. Do not under any circumstances mark with an X.

Opposite the name you want elected you put a 1, opposite your second choice you put a 2 and so on. Only using the letter 1 and voting for one man does not invalidate your vote, however, using your complete privilege and voting 1, 2, 3, does not in any way affect the vote of your first choice. By voting this way, if the man you gave first choice to does not get in, your second choice might.

The important thing to do is to be sure and vote.

Jubilee Issue in August

Originally we had planned on putting out our Jubilee Edition next week, but are postponing it until the first part of August. The sudden calling of the election made it impossible to put the necessary work into such an edition at this time. Also we felt that with the Jubilee Committee putting out a booklet at this time it would be much better if they were given no competition as they will need the money from the sales of the booklet.

So come the first part of August we'll be putting out the Jubilee issue. We would like to thank all who sent in pictures, we will be using a lot of them. Don't forget to get your copy of the Jubilee booklet in July, too.

(Inserted by the Bruce Social Credit Constituency Association)

A huge rally of the combined supporters of the Hudson City and Erie-Edinboro schools, the administration of Mr. McReynolds will be held at Edinboro on Sunday June 16th at 1:00 p.m.

A combined choir under the direction of Mrs. W. McReynolds will sing the "Hymn of the Temple." School Scholars also will attend. All those planning to attend this rally please bring along a basket lunch.

A regular auto-race is being planned following the service. Please come along, have a good time, greet all your old friends and meet some new ones. Don't forget the date! Sunday, June 16

Drive On To Borrow \$30,000

July 1st the drive to borrow the sum of \$30,000 for the completion of the New Community Hall and Theatre will get underway.

The League has \$40,000 but an additional \$30,000 is needed to complete the project. The Committee in charge feels that it is a worthwhile investment for anyone with a little ready cash. The League has proven in the past to be financially sound and there is no reason to believe that it will be otherwise in the future.

The drive will get underway tomorrow at the sports grounds with a booth set up for personnel to explain the details to all interested persons.

Anglicans Follow Up Plans For International Evangelism In 1966

In 1966 the General Synod of the Anglican Church of Canada will be celebrating its 100th anniversary. In celebration of this centennial, the General Synod has decided to launch a major evangelistic campaign in 1966. The campaign will be known as "The Year of the Gospel" and will be a nationwide effort to spread the message of the Gospel.

BRITAIN EXPORTS PRIZE BULL

The prize bull, a champion of the breed, was exported to the United States by the British Exporters' Association.

Tips on Touring

When you go touring, it is important to have a good map and a good compass. It is also important to have a good sense of direction.

NOTICE

The Village of Ryley, Ryley, Alberta, is holding a public meeting on the 11th day of June, 1965, at 7:00 p.m. in the Village Hall. The purpose of the meeting is to discuss the proposed amalgamation of the Village of Ryley with the Village of Ryley.

VETERINARIAN

A. K. BILLOTT, D.V.M., is a veterinarian in Ryley, Alberta. He has been practicing for many years and has a good reputation for his work.

The Old Mainstays

We are this week that the town council must have retired the grader which has scratched at the surface of the local streets for the past few years. Anyways we couldn't help but smile when we saw the old horse (or tractor) mainstay had been taken out of mothballs and was again being used to level off the streets. Mind you it wasn't doing a bad job, in fact we might even be so bold as to say that it was doing as good a job if not a better job than its successor.

A FRIEND

What is a friend? My friend is he who laughs with me, weeps with me; who encourages, praises, rebukes; who comes to me at the wedding feast, or stands with me beside the altar; who listens to my hopes, fears, sorrows; who rejoices in my successes; who does not despise me in my misfortunes.

Many Trainers Paid To The Late Sam Nunn

FLORIAN, TRINITY
 Late wife and family friend, Mrs. Sam Nunn, died at her home in Tofield, Alberta, on Tuesday, September 13, 1965, at the age of 68. She was born in Tofield, Alberta, on September 13, 1896. She was a member of the Tofield United Church and was a devoted wife and mother. She is survived by her husband, Sam Nunn, and two children, Mrs. Mary Nunn and Mr. John Nunn. The funeral will be held on Thursday, September 16, 1965, at 10:00 a.m. from the Tofield United Church. Burial will be in the Tofield cemetery.

Thursday, September 22, 1965

Minutes Of Municipal Council Meeting Held Tuesday September 13, 1965

The regular meeting of the Tofield Municipal Council was held on Tuesday, September 13, 1965, at 7:30 p.m. in the Council Chamber. The meeting was presided over by Mayor J. H. Brown. The minutes of the previous meeting were read and approved. The following items were discussed and action taken:

- Mayor's Report:** The Mayor reported on the progress of the municipal government during the past week. He mentioned the completion of the new water main project and the start of the new sewer main project.
- Finance Committee Report:** The Finance Committee reported on the results of their meeting. They recommended that the council approve the proposed budget for the coming year.
- Public Works Committee Report:** The Public Works Committee reported on the results of their meeting. They recommended that the council approve the proposed plan for the new water main project.
- Police Report:** The Police reported on the results of their meeting. They mentioned the arrest of a suspect in the recent robbery case.
- Fire Department Report:** The Fire Department reported on the results of their meeting. They mentioned the purchase of new equipment for the fire truck.

Summer To Last Longer Over Most Of Canada

Long days and warm weather are expected to continue over most of Canada for the next few days. The weather is expected to be in the 70s and 80s. This is a good sign for the farmers who are still working in the fields. The weather is also good for the tourists who are visiting the area. The weather is expected to be in the 70s and 80s.

Town Councilors Have Busy Meeting On Monday, September 12, 1965

The regular meeting of the Tofield Town Council was held on Monday, September 12, 1965, at 7:30 p.m. in the Council Chamber. The meeting was presided over by Mayor J. H. Brown. The minutes of the previous meeting were read and approved. The following items were discussed and action taken:

- Mayor's Report:** The Mayor reported on the progress of the municipal government during the past week. He mentioned the completion of the new water main project and the start of the new sewer main project.

- Public Works Committee Report:** The Public Works Committee reported on the results of their meeting. They recommended that the council approve the proposed plan for the new water main project.
- Police Report:** The Police reported on the results of their meeting. They mentioned the arrest of a suspect in the recent robbery case.
- Fire Department Report:** The Fire Department reported on the results of their meeting. They mentioned the purchase of new equipment for the fire truck.

Sixteen Albertans Met Death In Traffic Accidents During August

Sixteen Albertans met their death in traffic accidents during the month of August. This is a significant number of deaths and it is a reminder to all drivers to be careful on the roads. The accidents were caused by a variety of factors, including speeding, drunk driving, and careless driving. It is important to remember that every driver is responsible for their own actions on the road.

Not For Profit - Not For Charity

But For Service

That's the slogan of Canada's \$500 Credit Union

on Thursday, October 20. This is a good time

to look at the philosophy which has made them

grow and prosper.

Not for profit! Members operate credit unions

not for profit, but to help one another. All earnings

over expenses and reserves are returned to members.

Most credit union officers serve without pay.

Not for charity! Credit unions encourage habits

of thrift and systematic saving. Members borrow

money for worthwhile purposes at a low interest

rate from their own organization which was ex-

pressly designed to help them help themselves. Loans

are primarily based on the borrower's good character,

and loans are extremely low.

But for service! These are the key words. Many

a member has been able to buy or improve his own

home with savings made possible through unions.

Many a loan has enabled a man to take advantage

of opportunities. Many a loan has been made for

medical and dental care and family emergencies.

Credit union people can be proud of their 107-

year history as they celebrate their holiday this

year. There are now over 20,000 credit unions in

North America, with more than nine million mem-

bers.

During the past year credit unions have been

giving special help to underprivileged children where

widspread poverty and misery combine to keep the

people in virtual slavery. Credit unions are being

organized in these areas as a means of economic li-

beration.

For this practical contribution to world peace

and their work at home in fostering self-help we

salute Alberta's credit unions.

Mountains in Winter

Took the good wife and headed for the tall timber (McBride B.C. to be exact) and tried to do our brother-in-law a favor. We had a very interesting trip including one flat tire and the loss of the car muffler on Mt. Robson. This was our first trip into the interior of our neighboring province and also it was the first trip to a new mill of any size. We were told that the one we were at is the largest in the interior of B.C. In all it was an informative trip. Never having had the pleasure of viewing the picturesque scenery and Christmas Carol scenes that can be found in the mountains in the winter time we would consider these views worth the trip.

An old saying says that you must take the bad with the good and in this case it was the road (and we use the word loosely) from Jasper to McBride. A distance of 180 miles of mountain road which was covered with about 12 inches of snow and allowed for one-way traffic only. We were surprised at the road lights of the fact that it is the only access to a large logging country apart from the railroad. In this area of B.C. there are around 55 million acres of land in the neighborhood of 1,800 sq. miles. We are surprised that the B.C. Government has not done something towards putting a road through this area.

could be seen in the winter as well as the summer. In this age of motor travel it is amazing that a population as large as the area we speak of has road access only a few months in the year.

Enough of the roads, we will remember some of the more enjoyable items such as the small museum owned by Oscar Lammung of Kamloops B.C. An Oscar pointed out the animals he had stuffed he could tell where they were shot and in most cases the circumstances around it. Naturally we have seen bigger and better museums but this friendly little place with the personal touch rather appealed to us.

Had a novel experience when we were around at five a.m. Sunday morning by our hostess to rush a neighbor lady to the hospital. We were picked because the morning before our car proved it could be started in the 30 degrees below zero weather they were having. We made it B.C. Like all good things the week end came to an end and we returned to the work that had piled up and tried to catch up but at the time of writing it looks like this issue of the Mercury will hit the streets a couple of hours less than usual, however, all things being equal, we might make it.

We Need Some Ice

It seems that winter is here and while it comes the desire by the younger members of the family to get out those skates and head for the rink or natural pond, which ever the case may be. In years past the flooding of the local rink has always been somewhat of a problem because of the lack of snow but this year thanks to the water system we live lots. This being the case it is past time for the flooding of the local skating rink. Last week we visited McBride B.C. (a town with about the same population as Tofield) and we noticed the skaters out on the local rink already. We asked how they got ice so soon and we were told that they started to flood with the first cold weather, they almost lost their ice when it warmed up but like us they have lots of water.

Why can't we have our rink ready to go by now? The town has a full time employee and arrangements should be made to see that he is free from his other duties at this time of the year to take care of the rink. Every year the Community League allocates a sum of money to be turned over to the town for use on the skating rink and the town has put up the balance needed. This year with a full time employee on the payroll the community league donation should almost take care of the direct cash outlay. However if it won't work out the town take an average of what the rink has cost them over the last five years and give that amount to the community league and tell them to run it. McBride that we would have ice by this time if they were done. They couldn't give it any poorer attention than it has been getting. Anyway let's

have ice in the skating rink NOW!

KENNELS SOUND OFF
George Burt, strike leader for the United Automobile Workers, is quoted as saying: "We respect the laws of the Province of Ontario and Canada as well as any other citizen, but we want to bring to the attention of all citizens, the utter futility of appealing before conciliation boards when such boards cannot settle our disputes." "We believe that the only way to settle our disputes is by the use of force."

Another official of the same organization blandly asserts that conciliation laws are loaded against the employees.

The fact is that laws dealing with labor relations have been a full time employee designed to protect the employee. Otherwise there would be no need for labor departments, conciliation laws, or anything of that kind.

The recent rebellion (and that's the proper word for it) of Messrs. Burt and Co. against the labor laws is the result of a belated awakening by the conciliation boards to the realization that strike leaders can be wrong.

Canada, which imports so much from the United States, might at this time import the forthright thought of the governor of Indiana, who recently announced that an employer had the right to operate his factory, had the right to employ that factory, had the right to stay out of work, but that neither had a right to interfere with the other.

The Printed Word

Agricultural Service Board

Minutes of October Meeting of The

The meeting was called to order at 7:15 p.m. by the Chairman, Mr. J. H. McLeod. The minutes of the previous meeting were read and approved. The following resolutions were passed: 1. That the Board be authorized to purchase a new car for the use of the Board. 2. That the Board be authorized to purchase a new set of scales for the use of the Board.

Mr. McLeod advised that the Board had received a letter from the Minister of Agriculture, Mr. J. H. McLeod, regarding the purchase of a new car for the use of the Board. The Board decided to purchase a new car for the use of the Board. The Board also decided to purchase a new set of scales for the use of the Board.

ity. They would have been rejected for seed according to the grades of the Canada Seed Act.

The average weed seed content of rejected grain sown in 1955 was 60 wild oats with 64 wild buckwheat per pound. In addition, the seed of stinkweed, mustard, Russian pigweed, hemp nettle and others was present.

A few cents spent on seed inspection dollars gained at harvest time.

Let's take a look...
at the Facts behind the Figures
No doubt, there is no Canadian here, on the whole, who has not heard of the fact that the average Canadian family has a net worth of \$10,000. And, although you may not think of it, the fact is that you personally played a part in helping Canada reach its great height of prosperity during the past year.

For it is your money, together with the savings of millions of other Canadians across the country, that has run the wheels of our industries and our commerce. The \$ of \$4 per year savings, no work, in the form of loans and investments, so that Canadian money has the day-to-day financing of our business, our industry, and our commerce. Only with such financial resources can Canadians able to enjoy the benefits of a high standard of living.

Clearly, the fact behind the figures is that the \$10,000 annual report shows that the dollars you save work hard and long to secure not only your own future, but also the future of our country...

THE MONEY YOU REPORT
At the end of the Bank's year, October 31, 1965, over \$2,796,174,864 in deposits were held by the Bank of Montreal in its branches and offices throughout Canada. This is the highest year-end total in the history of the Bank of Montreal.

THE MONEY WE LEND
The money you save at the Bank of Montreal is being put to work for you. It is being used to finance the growth of the country, to provide the capital for the expansion of our industries, and to provide the funds for the development of our communities.

THE MONEY WE INVEST
At the end of the year, the Bank of Montreal had invested over \$2,796,174,864 in government securities, bonds, and other investments. This is the highest year-end total in the history of the Bank of Montreal.

THE MONEY WE SAVE
The money you save at the Bank of Montreal is being put to work for you. It is being used to finance the growth of the country, to provide the capital for the expansion of our industries, and to provide the funds for the development of our communities.

WORLD WHAT IT GOES WEST

Lakeshore - McKenna
Pauline, daughter of Mr. and Mrs. J. McKenna, was married to Mr. J. McKenna at the Lakeshore Hotel, Tofield, on December 1, 1965. The bride was accompanied by her mother and sister, and the groom by his father and brother. The ceremony was performed by Rev. J. McKenna.

IT'S CALLED THE GREY CUP HOP

The Grey Cup winners, the Saskatchewan Roughriders, posing with their trophy.

Almost one out of a dozen short plays from the Saskatchewan Roughriders' victory over the Edmonton Eskimos in the Grey Cup final at the University of Regina stadium on Sunday night.

After the game, the Roughriders' players and coaches were seen leaving the stadium in a festive mood. The players were wearing their team jerseys and some were holding the Grey Cup trophy.

The Roughriders' victory was a significant achievement for the team, as they had not won the Grey Cup since 1959. The team's success was a result of their hard work and dedication throughout the season.

The Roughriders' victory was a testament to their skill and teamwork. The team's performance throughout the season was a source of pride for their fans and the community.

The Roughriders' victory was a historic moment for the team and the city of Regina. The team's success was a source of pride for all who supported them.

A FRIENDLY MESSAGE
FROM GOOD OLD SANTA

Christmas is many things beautiful. It is the

excitement of happy children ... the silent

revelation of faith in prayer ... the family gathering

... the caroling singing ... the feeling of well-

being ... peace and good-will of man to man!

Above all - Christmas is a people! And to

you, dear folks who are our friends and

customers, HAVE A WONDERFUL

CHRISTMAS!

NOTICE TO RATEPAYERS

Take notice that a penalty of 5 per cent will be added to all arrears of taxes remaining unpaid at the close of business on February 29, 1956.

This penalty can be avoided by payment of arrears prior to that date.

Municipal District of Beaver No. 73

Ryley, Alberta.

Attention Non Ratepayers Living in the Tofield Municipal Hospital District No. 47

Do you know the ward rate at the Tofield Municipal Hospital is now \$10.50 per day, which includes ordinary medicine, operating room charges, etc.

In order to get Hospitalization at the rate of \$1.50 per day, you must have a Hospitalization Contract, sold by the Municipal Hospital District, which costs you \$10.00 per year.

Inquire about this immediately as when first purchased, it does not become effective for 90 days.

Ross Creek District News

There have been a number of interesting events in the Ross Creek District during the past few weeks. The regular meeting of the district was held on March 1st at the home of Mr. W. A. Smith. The meeting was held in the evening and was very well attended. The following was the order of business:

The children's story by Mrs. Smith was very well received. After the story, the children sang a song. The meeting was held in the evening and was very well attended. The following was the order of business:

George and Joseph McLaughlin, Graham McLaughlin and Gordon McLaughlin, the four sons of Mr. McLaughlin, were present at the meeting. They were all very well and were very happy to see everyone. The meeting was held in the evening and was very well attended. The following was the order of business:

All best wishes go to Mrs. McLaughlin and her family. The meeting was held in the evening and was very well attended. The following was the order of business:

It was held to honor Mrs. McLaughlin. The meeting was held in the evening and was very well attended. The following was the order of business:

HOLDEN SCHOOL DIVISION MAKES BUILDING PLANS FOR '56

Continued from Page 11

Mr. J. H. Holden, division superintendent, announced that the division is planning to build a new school building in the town of Holden, Alberta, in 1956.

Mr. Holden stated that the new building will be a two-story structure, measuring 100 feet by 40 feet, and will contain 12 classrooms, a gymnasium, a cafeteria, and a library.

The estimated cost of the building is \$150,000, and it is expected to be completed by the end of 1956.

Mr. Holden also announced that the division is planning to build a new school building in the town of Holden, Alberta, in 1956.

Mr. Holden stated that the new building will be a two-story structure, measuring 100 feet by 40 feet, and will contain 12 classrooms, a gymnasium, a cafeteria, and a library.

The estimated cost of the building is \$150,000, and it is expected to be completed by the end of 1956.

Beaver Lake Is Filling Up

Elsewhere on this page appears a picture by W. Rowan on Beaver Lake and we feel that the publication of these few words is very timely in view of the recent interest being shown in this vast body of water northeast of us.

We were in Lacombe last week and saw the water level in the lake. It is going for nothing while the outsiders are coming to look at it. With the return of what seems to be years of moisture the lake has started to rise and with that rise comes a greater interest in it. There are a number of historical facts about the lake which are not common knowledge to the average person living in this area.

Somewhere on the south side we are told there is a two day long ledge where hunters from Edmonton used to spend their holidays and hunt. We have not seen this building but we are told that a fairly healthy fire insurance policy is still carried on it and also that the owners recently refused to sell it to one of the Brewing Companies. Reports also indicate that there was or may still be a smaller one on the east side.

At Patterson tells us that in 1923 or 24 a person by the name of John Grey, who farmed 3 or 4 miles east of town took a boat and started out on the north side of the lake, travelled by water through the outlet at the north end of the lake to the North Sea.

At Beaver Lake receives more and more publicity from such men as Mr. Rowan and Al Oeming, who incidentally is taking pictures on the lake as this is being written you will hear more from this corner on the subject.

Interest in Junior Baseball has returned in the City of Edmonton with the result that some two or three papers. They all seem to take in Tofield but to date no one here has been notified what is going on. This new interest will cost Tofield some of the players that now live there and play here but it will leave room on the team for four or five more local boys to try and make the team. As long as there is someone to run the team all indications point to the fact that Tofield will have another team. Ed Williams, Don Bolberg and Wayne Lawson are all set to start anytime and a number of new faces are eager to try out. Some of these played a few games last year with the club and being a year older should have no trouble making the team.

The only thing in doubt is, who is going to manage and coach the club? The thing has got too big for one or two men to handle so for this reason a meeting has been called for Sunday afternoon, April 29 at two o'clock in the Legion Hall to form kind of a group to run the ball club. A turnout of about ten men who are interested in seeing baseball continue would be just about right. Think it over and then be willing to lend a helping hand. Tofield has built up a name from its baseball. Let's keep it that way!

These few words cannot do justice to the lake but they will give you a little idea of its history and the interest it is creating.

Agriculture Service Board Holds Regular Meeting April 23

The Agriculture Service Board held its regular meeting on April 23 at 10 a.m. in the board room of the Tofoeld Mercury building. The board is composed of representatives from the Tofoeld, Tofoeld, and Tofoeld areas. The meeting was presided over by Mr. J. H. Smith, president of the board. The agenda for the meeting included a report on the activities of the board during the past month, a discussion of the proposed changes to the board's bylaws, and a vote on the proposed changes. The board also discussed the proposed changes to the board's membership and the proposed changes to the board's term of office. The meeting adjourned at 11 a.m.

With Your District Home Economist

The Tofoeld Mercury is pleased to announce that it has appointed a home economist to assist its readers with their household problems. The home economist will be available to readers on a regular basis and will provide advice on a wide range of topics, including food preparation, home maintenance, and child care. The home economist's name and contact information will be published in the newspaper. Readers are encouraged to contact the home economist if they have any questions or problems.

Alberta's Natural Gas Industry

The Alberta Natural Gas Industry is a vital part of the province's economy. It provides a clean and efficient source of energy for homes, businesses, and industry. The industry has grown significantly in recent years, and it is expected to continue to grow in the future. The Alberta Natural Gas Industry Association is committed to promoting the industry and ensuring that it remains a safe and reliable source of energy for Albertans.

TOFELD TOWN OF TOFELD OPERATION CLEANUP

The Town of Tofoeld is launching a cleanup operation to improve the appearance of the town and to ensure that it is a safe and healthy place to live. The cleanup operation will focus on removing litter and debris from public areas, including streets, parks, and beaches. The town is asking residents to participate in the cleanup operation by picking up their own litter and by reporting any litter they see to the town. The town is also providing litter receptacles in public areas to encourage residents to dispose of their litter properly.

THE RYLEY COLUMN

The Ryley Column is a weekly column in the Tofoeld Mercury that provides news and information about the Ryley family. The column is written by the Ryley family and is a popular feature of the newspaper. The column includes news about the family's activities, their travels, and their interests. The Ryley family is a well-known family in the Tofoeld area, and the column provides a glimpse into their lives.

Ryley High School Graduation Exercises Held Recently in Ryley

The Ryley High School graduation exercises were held recently in Ryley. The exercises were a formal affair, with the graduates wearing gowns and caps. The exercises included a presentation of diplomas to the graduates by the principal of the school. The graduates were congratulated by their families and friends. The exercises were a successful event, and the graduates were well-prepared for their future endeavors.

"FAITH WILL CURE"

A local woman has been cured of a long-standing illness through the power of faith. The woman, who has been ill for many years, was cured after attending a faith healing session. The woman's story is a testament to the power of faith and the healing power of the human mind. The woman is now healthy and happy, and she is grateful for the help she received.

John Thompson in University Hospital

John Thompson, a local resident, is currently in the University Hospital in Tofoeld. Thompson is recovering from a recent surgery and is expected to be discharged soon. Thompson's family is visiting him in the hospital, and they are all hoping for a quick recovery. Thompson is a well-known resident in the Tofoeld area, and his recovery is a source of joy for his family and friends.

Mother's Day Services Held

Mother's Day services were held recently in Tofoeld. The services were a touching affair, with mothers being honored for their contributions to their families and communities. The services included a presentation of flowers to the mothers and a reading of letters from their children. The services were a successful event, and the mothers were well-served.

Alberta Wheat Pool Again Offers Bursaries and Scholarships This Year

The Alberta Wheat Pool is pleased to announce that it is again offering bursaries and scholarships to students in the province. The bursaries and scholarships are intended to help students with their education and to encourage them to pursue their studies. The bursaries and scholarships are available to students who are currently enrolled in a post-secondary institution in the province. The bursaries and scholarships are awarded on the basis of academic achievement and financial need. The bursaries and scholarships are a valuable resource for students, and the Alberta Wheat Pool is committed to providing them.

MARSHALL-WELLS

NEW THIXOTROPIC ALKYD JELLENAMEL

no dripping—no splattering—no mess

Double liquid type of enamel, Marshall Wells Thixotropic Alkyd JELLENAMEL has the consistency of rich, thick cream. Turns to a rigid state when spread with brush or roller... splattering and dripping are virtually eliminated!

YOU'VE NEVER USED AN ENAMEL LIKE IT BEFORE!

- Won't settle to the bottom... needs no mixing. Laborers spray brush and roller for years.
- Won't sag or run. Brushes or rollers on for coats than ordinary enamel.
- Permanently adhesion—Use inside or out on woodwork, walls, cabinets, hardware, metal, masonry or wood. Unbelievable durability and consistency.

BLENHEIM IS SCENE OF LARGEST ONE-FAMILY WEDDING IN CANADIAN HISTORY

The Blenheim Hotel in Blenheim, Ontario, was the scene of the largest one-family wedding in Canadian history on Sunday, June 4. The ceremony was held in the hotel's grand ballroom, and the reception followed in the hotel's dining room. The bride, Miss Mary Ann Blenheim, was married to Mr. John Blenheim by Rev. J. H. Blenheim. The wedding party included the bride's father, Mr. J. H. Blenheim, and the groom's father, Mr. J. H. Blenheim. The wedding was attended by over 100 guests, including family and friends. The ceremony was held at 10 o'clock, and the reception followed at 11 o'clock. The wedding was a grand affair, and the hotel was filled with guests. The wedding was a memorable event for the Blenheim family and the community.

report from the Field Supervisor regarding the account of Curtis, a Veteranian which was being disputed. Coal. Magee moved that a letter be sent to the owner.

Mr. Ferman, Deputy
of Aeronautics and
pointed to him that he should
investigated both sides of
before he made a decision
regarding the suitability of
of travelling in Bearer M.D.
Dr. Carlyle, and that the
man's report; he associated
filed.
Mr. Johnston moved that the
sites of the Service Board be
closed.
Mr. Carlyle moved that the
sites of the Service Board be
closed and accurate be paid.
Mr. Carlyle moved that the
Government be requested to
move some Bearer from B.W.
47-122nd N.W. 5-17-13.
Mr. Ferman Field called and
was told to move later than
division 7 then to division 6
he is attached in Division 1.
Post meeting July 19th.

Hold Annual Tea
The United Church
Annual June Sale of Bazaar

Crown Lumber Company Limited

Splendor is everywhere in Oldsmobile.

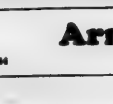

There's the splendor of distinctive Starline styling—fresh, dignified, but so alive. There's the splendor of rich, custom-tailored interiors—luxurious, graceful and so comfortable. And there's the splendor of motor power—tuned in to give you a new sense of producing to it—smooth on.

And this Oldsmobile splendor is not a circumstance. It's from the moment you proudly take possession until that distant day when you decide to trade it in on an even more exciting Olds of the future, you'll keep discovering new splendors in this unusual car. And you'll keep referring all the while how wise you were in 1956 to step up to it in the ordinary sense of Oldsmobile.

For all your banking...

Did you ever stop to consider all the things a chartered bank can do for you?

It is more than a convenient place to make a deposit, cash a cheque or see about a loan. You can also buy investment cheques and money orders; rent a safety deposit box; purchase foreign currency; talk over your financial plans at problems. The list goes on and on: it and all these services are available at the branch where you do your banking.

A branch bank is, in effect, a service center and everyone on the staff is there to help you, to look after all your banking generously, confidentially and well.

CHARTERED BANKS SERVING YOUR COMMUNITY

TIGUARD BOMB

a little lighted match—one glowing cigarette stub—one little camp fire, carelessly handled can trigger a raging forest fire more destructive than an atomic bomb.

HELP KEEP ALBERTA GREEN

It takes many years to make a tree. Yet man, in a split second of carelessness, can start a fire that will completely destroy it. Help protect this rich natural resource — one forest — by observing these rules:

USE AN ASPRITRAT TO DISPOSE OF CIGARETTES AND CIGAR STEMS

THOROUGHLY DRENCH CAMP FIRES WITH WATER OR COVER WITH EARTH

An Economic Factor

Farmers, as others, must be ever on the alert to possibilities of greater efficiency in the operation of their business and at a time such as the present, the need is even more imperative. Good roads are an important factor in the economy of the farmer, not only in the periodic movement of stock, feed, etc., but also in the course of everyday travel. Ploughing through mud and snow can be quite expensive to say nothing of the uncertainty and time and effort involved.

When such conditions prevail we are inclined to think of the municipal council and in not too complacent terms. However, recognizing that they are human and aware of the fact that we put them in their undesirable position, we must remember that they are doing their best with what funds are available.

What more can be done?

First and foremost we must keep in mind that the Municipality is not a separate or distant body. We and the municipality are synonymous. Therefore any help and co-operation on our part becomes self-help.

Regardless of how well a road

may be constructed its value and service to the district is relative to the amount of bush that is allowed to grow on such side. From an economic viewpoint growth of any kind has no place along our roads and any other reason does not justify it. Removal of trapped snow is a constant and useless drain of tax money and heavy growth hinders drying.

In new construction every effort should be made to backslope and certainly in spots subject to snow drifting. Here is an instance where co-operation can be a big help. Not many fences are of such value that payment for their removal or rebuilding should be expected. Otherwise, it results in just that much less road being built or the failure to backslope. With a good backslope the bush problem is practically eliminated as both sides of a fence can be mowed. Moreover, telephone and power lines are kept free of growth.

The community is what we make it and if we think only in terms of what we receive rather than how much we can give, it will never amount to much.

— V. Bates

Safety Afloat

This country's boating enthusiasts are truly fortunate. Blessed with an incredible abundance of waterways, their opportunities for pleasure afloat are hard to beat anywhere. To the sparkling waters of lake, river and ocean coastline they turn in their thousands every summer in vessels ranging from they rowboats to the swiftest of finely appointed yachts. Hardly a stretch of navigable waters exists in all of Canada that hasn't been charmed by the blades of the popular outboard motor.

It should all add up to an ideal of restful activity and healthful relaxation. That it doesn't is due to the neglect of safety.

lad accidents which blotch the record year after year with monotonous regularity. What starts out with a carefree "Let's go for a sail" sometimes ends in mishap. Maybe with luck it's just a cold water dunking and nobody the worse for wear. Or it may result in costly past damage. Too frequently the story makes and listening on the Sunday night newscasts and tragic, black headlines in Monday's newspapers.

The great majority of these accidents can be prevented. With a little knowledge and common sense accidents don't need to happen. Let us not mar this summers holidays with a boating accident.

Driving Courtesy

A little thought and care on the part of motor drivers will help to prevent accidents, according to motor club officials. For example, there are the direction signals.

"One of the pet peeves is the driver who refuses to turn on his direction signal until he has reached the corner where he is making the turn."

"Some wait until they are in the middle of the intersection before they decide to let the driver behind know they are turning, thus holding up cars behind that may be going straight on through."

"It is a courteous gesture to turn on the signal say a quarter of a block away from the turning point. That gives the drivers behind an opportunity to turn out around and keep going. It is advisable to drive in the lane that will take you straight through but that is not always possible when traffic is heavy. So give other drivers a break, let them know in plenty of time your intentions."

This is a splendid example of courtesy. It is well worth emphasizing, because traffic experts claim that the lack of courtesy is one of the main factors that cause accidents.

Make "Courtesy" your slogan. Observe it at all times.

Voice of Motorist

Spillway Vote

Next Monday the ratepayers of the town of Tofteld will vote on a by-law to repair the spillway which was washed out by the ice this spring. The residents of town really have no choice but to vote in favor of the by-law or run the risk of being without water as early as next year. The present plan calls for an expenditure of about \$10,000 but the town council is still trying to find a cheaper way if possible.

We hope they will be successful but after listening to the engineers we doubt it.

It should be pointed out that the borrowing of this sum of money will not raise the taxes or the water fee. This is something to be happy for. It is estimated that the increase in the no. of users this summer will create enough of a surplus to pay off the yearly payment on the loan. Don't forget to get out and vote next Monday.

For Dicks' Life at Hands of Cypriot Terrorists

The reports that Cypriot terrorists have killed two British tourists in Cyprus, the island of the Mediterranean, have been met with a great deal of interest here. The two victims were a man and a woman, both of whom were on a holiday in Cyprus. The man was a British tourist and the woman was a Canadian tourist. They were both killed by Cypriot terrorists who were attacking tourists in Cyprus.

BLADY LAKE TO BE MOONLAMPING TOWN

Blady Lake to be Moonlamping Town
Blady Lake is the heart of Northern Ontario's three biggest and most scenic lakes. It is the only lake in the world where the moon can be seen in the water. The lake is surrounded by dense forest and is a popular destination for tourists. The town of Blady Lake is a small community with a few shops and a hotel. It is a beautiful location for a vacation.

Will Findings of Royal Commission Have Repercussions?

PHOTOGRAPH BY THE EDITOR OF THE TOFIELD MERCURY. The findings of the Royal Commission on the activities of the late Mr. J.W. Bradford, a prominent businessman and politician, have caused a stir in the community. The commission's report, which was released last week, detailed a series of questionable transactions and potential conflicts of interest involving Bradford and his associates. The findings have led to speculation about the future of Bradford's business empire and the potential for legal action. The community is watching closely to see how these findings will be handled by the relevant authorities.

There have been much said about the study into the activities of the late Mr. J.W. Bradford. The findings of the Royal Commission, which were released last week, have caused a stir in the community. Trans-Canada Pipe Lines To Carry On

Trans-Canada Pipe Lines, Ltd., has announced that it will continue its operations despite the recent findings of the Royal Commission. The company's president, Mr. J.W. Bradford, has stated that the company's activities were always conducted within the law and that the findings of the commission do not affect the company's future plans. The company is committed to providing reliable service to its customers and to contributing to the development of the Canadian economy.

THE UNFINISHED TASK

The dramatic story of the clashing of two worlds - the world of J.W. Bradford, successful businessman and his son who goes all out for Christ. Eighty-three minutes packed with passion, conflict, tragedy and triumph. More than a morning picture. A moving spiritual experience.

Bover M. D. Council Holds Regular Meeting

The Bover Medical Council held its regular meeting on Wednesday, August 10, 1966, at the Bover Medical Centre. The meeting was attended by Dr. J.W. Bradford, President, and a number of other members of the council. The agenda included a report on the activities of the council during the past month, a discussion of the proposed changes to the council's bylaws, and a vote on the proposed changes. The council decided to approve the proposed changes and to continue its work towards improving the medical services in the community.

ANISH CREEK NEWS

The Anish Cree community is celebrating the opening of a new community center. The center, which was built with the help of local volunteers and donations, will provide a place for the community to gather and for various social and cultural activities. The opening ceremony was held on Wednesday, August 10, 1966, and was attended by a large number of community members.

CLIFF PATTERSON, Editor and Publisher

From Sea To Sea

This week, down in Quebec Province, "Canada's biggest family party" is being held.

It first got that name when it was staged in Toronto in 1954 and the label has stuck.

Attending the "party" are close to 500 persons — mostly members and their wives of the province's largest press association — the Canadian Weekly Newspapers Association.

Canada has close to 800 non-metropolitan weekly, twice-weekly and tri-weekly papers and the large majority of them pay dues, ranging up to \$75 per year, to support their national newspaper association. In Ontario alone there are over 200 weeklies.

It is true that the Canadian Weekly Newspapers Association has a few economic objectives and is concerned to some extent with the over \$25 million of advertising and printing its members produce each year. But primarily it lives simply for the promotion of Canadianism.

Although its head office is in Toronto, the Association's annual convention is held each year in a different part of Canada. This year it is Quebec. In 1957 it will be Banff, Alberta; in 1958, Halifax. And to these conventions come the publishers and editors of not only the bigger journals, but the little ones, too — the *Punchy Fisherman* of Black's Harbour, the *Port Saskatchewan Record*, the *Altona Red River Valley Echo*, the *Port Arthur Appeal*, the *Valley View*, the *Oxygene Times* and the *Stittsville*. Good night names as picturesque and as Canadian as Canada itself.

At their conference tables and their after hour discussions, editors of French, English and foreign papers, men and women from rugged Newfoundland fishing villages, from Prairie grain lands and from industrial centres in Ontario, each year re-discover the common ties that bind them and their communities into a Canada that is truly one Dominion from sea to sea.

Unsubsidized by government, little heralded by the Massey reports, and seldom probed by social ogists, we wonder if there is any single factor which looms larger in the development of a Canadian culture than the annual get-together of the weekly newspapers of this land. This year's Altona convention at Murray Bay will be their 37th.

CLIFF PATTERSON, Editor and Publisher

Tenants Carry Their Share

The persistent background of thinking that it is the property owner rather than the tenant who foots the tax bill is favorable position. Even men in such advanced positions as the Hon. E. W. Himmans, provincial treasurer, seems to have some difficulty in grasping this fact, for if newspaper reports are correct he has made statements to the effect that 25 per cent of the residents of the province pay nothing toward the services they receive, other than gas and amusement taxes.

While we don't subscribe to the idea that landlords are a particularly uncharitable bunch, we cannot count on them as being so benevolent that they absorb the taxes levied on the premises they rent, and make no effort to pass this on to the renter. Obviously if the landlord is not to become insolvent, and is to carry on his business in a satisfactory manner he must collect the taxes paid on any piece of property from those who occupy that property. The tax bill must be charged to the tenant—and while the distinction must remain as between proprietary electors and electors at large, we must still give the non-property owner credit for the share of the tax money that comes, indirectly from his pay check.

That a province which was in such excellent financial condition just a year ago should now be seeking to impose a sales tax is a rather sharp about-face. The average Albertan is either derelict or necessary. If he could be convinced that the addition of a sales tax would result in a lowering of other taxation burdens he would, however, be much more inclined to tolerate the new levy.

—Wainwright Star

Presidential Election

With President Eisenhower officially nominated by the republican party last week as presidential candidate, a mere formality in view of his tremendous popularity, the political lions are drawn for a real pre-election skirmish. Adlai Stevenson, ex-governor of Illinois, was chosen to oppose "Ike" at a wildly demonstrative democratic convention the previous week.

Those who predict that the result is a foregone conclusion in favor of Eisenhower underestimate the ability of his opponent. Mr. Stevenson is no ordinary party leader. He is a man of

outstanding character who can be counted on to conduct a skilful campaign. He has already stated publicly, for example, that he will not make a political issue of Lester B. Pearson's opportunity to play on the president's sickness but Mr. Stevenson is above the use of cheap tactics. Instead of attacking the president personally, he prefers to attack the administration on its civil rights and foreign affairs policies. He can be relied on to present logical arguments in his usual forthright, intelligent manner.

Mr. Stevenson, in our opinion, is a true statesman, one of a half dozen outstanding men of this era. It is a pity that he should run headlong against an equally brilliant leader in Mr. Eisenhower. If the Republicans should win in November, it could spell the end of a promising career for Mr. Stevenson. The Democrats would be prone to choose another candidate in 1960, rather than to back a two-time loser for a third try (look what the Republicans did to twice-defeated Dewey).

So all the steps will be pulled out in an intensified campaign that looms ahead between now and next November. The United States is in the fortunate position of not being able to lose — premier from the tracter seat. It is handled by one man; it is prized for home ownership; and it is built for operation on the family farm. The ALL-CROP harvester handles more than 100 different seed and grain crops — from feedgrasses to large-seed beans. Cylinder speed is regulated instantly at the turn of a crank. Other adjustments are simple and easy to make.

Hints On Keeping Tulips In Your Garden For Ten Weeks

(By Mel Thibault)

One has to be a little bit of a scientist to keep tulips in bloom for ten weeks. The science is not too difficult, but it is not too easy either. It is a matter of timing and technique.

The first thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The second thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The third thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The fourth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The fifth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The sixth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The seventh thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The eighth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The ninth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The tenth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The eleventh thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The twelfth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The thirteenth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The fourteenth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The fifteenth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The sixteenth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The seventeenth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The eighteenth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The nineteenth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The twentieth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The twenty-first thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The twenty-second thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The twenty-third thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The twenty-fourth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The twenty-fifth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The twenty-sixth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The twenty-seventh thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The twenty-eighth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The twenty-ninth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The thirtieth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The thirty-first thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The thirty-second thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The thirty-third thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The thirty-fourth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The thirty-fifth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The thirty-sixth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The thirty-seventh thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The thirty-eighth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The thirty-ninth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

The fortieth thing to do is to choose the right variety. Some varieties are better suited to forcing than others. It is a matter of timing and technique.

Vol. 8 - No. 1

TOFIELD MERCURY, TOFIELD, ALBERTA

Thursday, September 13, 1966

Car Hits Horse Woman Killed

A Kinsella lady was killed and her two sons injured in a car accident two miles west of Lundbrook on highway 14, Monday evening at about 10:30 p.m.

Dead is Mrs. Mary Mulawka, of Kinsella and her two sons, Melville 16, and Richard 10, residents of Lundbrook and suffered shock. Melville was driving the family car, a 1965 Oldsmobile when it struck a horse which was on the highway. The car then went off the road and struck a tree and is considered to be a total loss. The Tofield Ambulance rushed Mrs. Mulawka to the Tofield Hospital where she was pronounced dead. It is alleged her neck was broken when the car struck the animal and in all probability she died instantly.

No inquiry is being held.

**Mrs. Pete Weiss
Surprised By Friends
On Her Birthday**

Approximately fifty or more reports of wood informed lead have been made about twenty of these need attention.

A considerable amount of reported information has been taken and signs have been taken to get it entered as soon as possible.

First No-Bonding orders have been placed, and more are needed.

Mrs. Pete Weiss Surprised By Friends On Her Birthday

Mrs. Pete Weiss was pleasantly surprised last Sunday when a number of her relatives came to her home, brought gifts, and

Several sand flux patches have been found and treated. Some work has been done in acquainting the farmers with this work.

Norman Briggs
Assistant Field Supervisor.

The Field Supervisor advised that some farmers take no notice of a warning being their birthday. Among those attending the party were Mr and Mrs E. L. Brown, Edmonston; Mr and Mrs. A. H. Weiss and family, Kyrie; Mr. and Mrs. Ake Koppo and family, and Mr and Mrs John Vernice Tuft; Mr. and Mrs John Wall.

Tulfield

of "No-feeding" orders. In some instances fields have been reseeded. One instance was cited where seed flax is ripening in a field which was ordered destroyed earlier.

MOVED by Mr. Robinson that the Board go on record as backing up the Field Supervisor in

his action against violation of the "No-Cooling" orders. Cr. Report of Service Board Tour — Members of the Agriculture Service Board commenced the annual tour at noon. Roads were muddy and potholes were confined to main roads from Ryley to Poe and South to S.W. 17-47-16-W4

Along the road points of interest to the Board were White Cuckoo infestations, on roadways and fields; fields that were under "No-hedding" orders; and crop conditions in general.

The Sharie grain variety testing plot was visited at Paul Naleuth's farm. Mr. Naleuth gave

valuable information as to
need and readjusting these
plans.

Along the road to Holden
arena were checked where effec-
tive brush spraying could be done
also weed conditions and control
measures.

The tour terminated at Ryker
arena where the author

at 6:30 p.m. if weather permitted. It is the intention of the Board and members to continue in the eastern part of the district on July 26.

Mr. Boyles brought up the matter of plans for people tank farms which are available from the Department. He advised that some portable tanks have been

their own forms using the Departmental plans. Some farmers have inquired regarding forms for septic tanks for use when installing their own water and sewage systems.

It was felt that instead of purchasing these forms for approximately \$75.00 each, that the Ser-

AL SHAVER
DAILY
NEWS

view Board could obtain the plans for same from the Department and that Mr. Boyles could endeavor to obtain a fair price for building same in Ryley or some other point to insure low transit and portation cost.

Some discussion ensued re: re-erecting treated wooden fence

ports and cost of such treatment
also what saving it would be to
farmers if the chemicals for such
treatment can be handled by the
State Service Board.
Some comparisons was also
made in the cost and length of
service of treated wooden posts
and steel posts.

These 2 Resolutions Will be Presented for Discussion At Annual Meeting of Alberta Association of Municipal Districts on November 21 - 22 - 23, in Edmonton

requires that local authority be notified within thirty days, by registered mail, of the admission to hospital of indigent persons whose case is certified by the medical officer or superintendent of the hospital to be of sudden and urgent necessity.

And Whereas certain hospitals have been forwarding notice under this section concerning all admissions to their hospital whether of a sudden and urgent nature or not:

Now Therefore be it resolved that the Department of

Health be requested to look into this practice and to take remedial action against the hospitals found to be violating the provision of the said Section Five.

Whereas section 218 of the Municipal Districts Act, 1954 as amended requires that when voting on By-Laws, a proprietary elector must vote in the electoral division in which he resides or in which he is otherwise qualified, and Whereas this is a cumbersome and unwieldy provision

ment in view of the fact that voting on Hy-Laws is of equal importance throughout the whole municipality, thus overriding divisional interests.

Now Therefore be it resolved that Section 218 be amended to permit voting on Hy-Laws at large by proprietary electors.

New Service Station, Store, Coffee Shop

Above is pictured George's Service Station, Store and Coffee Shop, located on highway 14 at Ministik.

The Old Service Station

Above is pictured the old service station which was built in 1939. It stood just east of the present new building.

19 Years Of Growth Announced With New Service Station

With the official opening of George's Service Station and Coffee Shop, Doug George announced that after 19 years of growth, the business has reached a new milestone. The new station, located on Highway 14 at Ministik, is a modern building which will serve the community for many years to come.

Service Station, Store, Coffee Shop Under One Roof

Mr. George will hold the official opening ceremonies of his new service station, store and coffee shop at Ministik, 19 miles west of Towfield on Highway 14.

All under one roof the building is a 100' x 100' modern structure with ample parking. It houses the service station, coffee shop, and a large store. The building is a modern structure with ample parking.

Mr. George's business has grown steadily since he started in 1937. He has expanded his services to include a full service station, a large store, and a coffee shop. The new building is a modern structure with ample parking.

OF MANY THINGS

When Canada's business men in Winnipeg this year finally made money and divided the oil riches among them, what

of the business. The service station, what Doug has built is a fully modern structure. It is a modern building with ample parking. The building is a modern structure with ample parking.

Mr. George's business has grown steadily since he started in 1937. He has expanded his services to include a full service station, a large store, and a coffee shop. The new building is a modern structure with ample parking.

Congratulations ... Doug George

ON THE OPENING OF YOUR NEW BUSINESS PREMISES.

Search For Two Planes Turns Into Mystery

After a delay of several days, the search for two missing aircraft has turned into a mystery. The search party, which was organized by the local aviation club, has been unable to locate the planes since they were last seen on October 10. The search area covers a large portion of the Tofteld region, and the weather has been a major hindrance to the search efforts.

Lakehurst - McKenna News

After a delay of several days, the search for two missing aircraft has turned into a mystery. The search party, which was organized by the local aviation club, has been unable to locate the planes since they were last seen on October 10. The search area covers a large portion of the Tofteld region, and the weather has been a major hindrance to the search efforts.

ON C.B.C. RADIO

On heard but rarely seen together are the fabulous Niosi Brothers. Among them they play virtually every major band instrument and appear, one or the other of them, in practically every C.B.C. orchestra in Toronto. At left is a guy who is not a Niosi at all but a MacDougal, who is regarded as an authority on music and supplies the three brothers with the tin horns percussion instrument in the books. Joe plays string around, tuba, bass horn and every other band instrument. Bruce is a arranger, leader, trumpeter, flutist, trombonist, clarinetist, bass, tenor, alto, baritone and soprano saxophonist.

With Your District Home Economist

The Minister of Home Affairs, Mr. J. G. Bennett, has announced that the federal government will be making a grant of \$100,000 to the provinces to assist them in the construction of new homes for the poor. This grant is part of a larger program to provide housing for the needy across the country.

Hastings Lake

The Hastings Lake Ladies' Auxiliary has been successful in raising funds for the construction of a new playground for the children of the community. The project is well advanced and is expected to be completed soon.

MINISTIK NEWS ITEMS

Don't forget to vote in the upcoming election. The Minister of Home Affairs, Mr. J. G. Bennett, has announced that the federal government will be making a grant of \$100,000 to the provinces to assist them in the construction of new homes for the poor.

Dr. W. J. Dorward

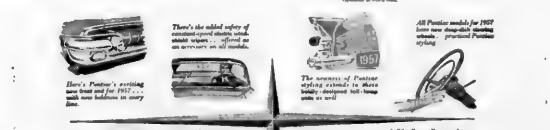

Dr. W. J. Dorward, a prominent physician in the community, has been elected to the position of President of the local medical association. He will serve in this capacity for the next year.

John and Irene Warner and Bruce and Charlie and Mickey Niemets and family were guests at a birthday party on Sunday at the home of Ralph and Alice Ramsey in honor of their son, Henry's birthday.

Sunday guests at the home of Morley and Marjorie Josse were Marjorie's parents, Mr. and Mrs. Joe Josse and her brother and sister, Russell and Jean Josse.

The Lakoschis W.A. of their November meeting met Wed. Nov. 21 in stead of the usual day. The meeting was at the home of Mrs. May Lakosch in the afternoon. Mrs. Lakosch will be a guest and give a talk on the missionary work and her husband, the late Hettler, did among the Indians.

A pot Luck Supper was held on Friday, Nov. 23 at four W.A.'s. Those being

We are sorry to hear that Harold and Frances' little girl wasn't feeling very well and was a patient in the Tuford Hospital! Hope she is better and able to go home again.

HELL and HIGH WATER

THIS WEEK
FRIDAY and SATURDAY, December 14 and 15

This outstanding picture that was filmed in Jasper, Alberta was brought in specially to commemorate our first anniversary in the new hall.

RIVER OF NO RETURN
Robert Mitchum and Marilyn Monroe

THE MERCURY

Published at 100 Main Street, Tofield, Alberta
CLIFF PATTERSON, Editor and Publisher

We're Not Dead Yet!

In the small-town publisher, like the whooping crane, facing extinction? At a gathering of weekly newspapers in Sturford last month, a speaker predicted that in "50 years the weekly newspaper editor will be found only in country museums — stuffed!"

This forecast is kind of personal and strikes close to home, but the editors of The Globe aren't ready to throw in the sponge yet. The speaker gave as his reason not the lack of advertising or circulation, or news in Canadian towns and villages. The high readership enjoyed by local weeklies is well known and so such is remains a powerful advertising force. It was the opinion of the speaker that lack of labor and experienced personnel would eventually close the doors of most small plants.

Now it is true that most weeklies do feel the pinch of fully qualified and competent staffs, even now. The labor shortage is no more grave in the printing trade, however, than it is in most other occupations you care to name. The speaker indicated to take into consideration the industries and the turnover of a large number of weekly publishers, who today are operating one-man shops perhaps with the part-time assistance of a school boy. They are making ends meet without too much trouble and putting out a creditable sheet besides.

It would seem that the greatest danger to the continuing existence of the weekly editor is the high cost of the purchase and maintenance of machinery. To offset the help problem publishers are installing automatic presses to do the work, and building up well-equipped plants. This takes money.

Analysis Report Of The Water

Elsewhere in this issue is a Water Analysis Report of the Water of the Town of Tofield. Although these reports are cold and tell the average person very little a study of it will reveal that the water is better in general than it was a year ago except for the higher quantity of iron. This may lead to make us muscle men, I don't know. Anyway the report shows that there is nothing seriously wrong with the water.

The donorous smell which has been coming from the water for the past month can be attributed to the warm weather we have been enjoying. With the coming of winter in earnest the smell has already started to clear up. It seems that the sun shining through the clear ice sets up in some kind of reaction with algae in the water which in turn produces the green stain and the (ugh) smell. We are told that this algae is high in protein and vitamin value and is being cultivated for the production of medicine in the states. Maybe we don't know a good thing when we (ugh) smell it.

Well anyway all things can be taken care of with enough money but the fact is that the little building at the back of the lot and the cold weather seems to be clearing the water up. In the meantime the water is perfectly safe to drink, even if you do have to hold your nose.

and there is undoubtedly a point of diminishing returns somewhere. It could be, in the not-distant future, that centralized houses will be established with facilities to handle the printing needs of a large number of shops in the surrounding area. Instead of \$10,000 four-page presses operating in a half dozen different towns, with a total capital investment of \$60,000, for example, one \$25,000 rotary press at a central point might do the job for all.

Modifications had adjustment have to be made as times change, and no one looks into the future with any degree of certainty, but the weekly editor is far from dead and ready for the grave. — Lacombe Globe

Right Christmas Spirit

Once again the Christmas season, in all its anticipation, its planning and friendly spirit, has come again. To most it means a great deal for we are approaching the anniversary of an event which took place over 1900 years ago and the meaning of which will not be fully understood until the side of the grave. Unfortunately to a few — and we hope the number is not too great — it will be but another occasion of over eating, inebriation and irreverent and irrelevant revelry.

Another matter, much less serious of course, is our choice of Christmas cards in commemoration of this great event — Christmas — we will again send cards to friends far and near. Will they be appropriate for such an occasion? Or again does time and space mean so much to us that we must substitute an X for Christ in Christmas? Not too complimentary is it?

A practice which gives rise to no little surprise is the widespread disrespect shown for the Holy Ghost in the name of God. Why anyone should allow His name to enter almost every conversation often astounding it with the filth of the gutter is most difficult to understand. Only one explanation seems possible. In this modern age of materialism, God must mean less than nothing to us.

To the readers of The Mercury a truly Happy Christmas.

A Policy Of Abstinence

MOST CHARITABLE COMMENT that can be made concerning Prime Minister St. Laurent's remarks in some kind of Commons on international situation is that they appear vague and confused. Instead of lending support to External Affairs Minister Pearson's efforts to restore unity to the Western alliance, Mr. St. Laurent has succeeded only in confirming in people's minds the belief that the Government at Ottawa is pursuing a policy of abstinence in its relations with the United Kingdom and France. It is a tragedy that at a time when Canadians are looking to the Government for leadership and realism, the Prime Minister is able to offer nothing more than manifestations of pique and ill-temper.

YOUR ALBERTA

THIS WILL BE THE FINAL "Your Alberta" column until after the Holiday Season, when this informative series will continue with the objective of explaining the workings of the Government of this great Province of ours—Alberta.

JUST TO SAVE YOU PENCIL AND BRAIN WORK, the Government of Alberta has decided to publish this series of columns. The first column, "Your Alberta," was published in the November issue of the "Your Alberta" column.

THIS MATTER OF EDUCATION, as you know, is a very important matter. It is the responsibility of the Government of Alberta to provide a good education for all its citizens. The Government of Alberta has decided to publish this series of columns to explain the workings of the Government of Alberta.
